Field of view ft@100yd	42
NV detection range	200yds
IR illuminator	LED
IR wavelength	850nm
Video recorder	Yes
Battery	4xAA
Battery life	3.5 Hours
Dimensions	10x2.6x3
Weight	33.6 oz

View the world in ultra-crisp high definition through Sightmark's Wraith HD 2-16x28 Digital Day/Night Riflescope! Coupled with its 850nm IR Illuminator, this riflescope employs a 1920x1080 CMOS sensor to detect objects up to 200 yards away at night. The Wraith's 8x digital zoom and 1280x720 FLCOS screen delivers fine-detail imaging, and the Wraith boasts black-and-white, or green, night vision and daytime color mode, displaying images in sharp, full-color clarity. With its lower base magnification range, paired with a wider field of view, the Wraith 2x is ideal for fast-moving hog and varmint hunting.
