

All Access Bag

Great bag using fat quarters! Purchase pattern and collect all supplies. Pattern calls for vinyl coated mesh. I haven't used this before you could use regular mesh or make a pocket out of fabric or use vinyl. There are templates at the end of the pattern. Make copies of these.

1 Cut pg, 2 follow steps for the interfacing, and exterior fabric.

Pg. 3, From the accent fabric: follow the picture in green to maximize your fabric. **LABEL** each piece.

Bring to class all parts and pieces, copied templates, marking tool, ruler, straight pins, wonder clips and your favorite notions you like to sew with.
