

The Big Bag

Purchase pattern and collect all supplies. Follow **Cutting Instructions** and LABEL each piece. **Outside Panel, Step 1, complete A, E.** I will help you with the Bottom Stabilizer which is Optional. **Lining and Pockets, Step 2,** complete steps D and E. I can help you with A, B in class. **Shoulder Straps, Step 5,** complete step A-D. In class we will attach the grommets. Bring to class all parts and pieces of the bag, marking tool, ruler, seam ripper, sharp scissors, straight pins, wonder clips and any notions you like to sew with. Most important part to have finished before class is the quilting on the main part of bag. This will take time.
