

# Penguin Water Non-Electric Chemical Filter

1

**Great Tasting Water**

Removes the chemicals while leaving the minerals.

You drink more water when it tastes great

2

**Healthier Skin and Hair**

Harsh chemicals like chlorine and chloramine irritate the skin and dry out your hair.

3

**Better Indoor Air Quality**

With the chemical contaminants removed, chemicals will not be vaporized or atomized into the air from the water supply.

4

**Disinfection By Products**

Our water filtration system not only removes the chemicals but also targets disinfection byproducts that are harmful to your health.

**1" Full Flow Valve Body  
Minimal Pressure Loss  
25 GPM Peak Flows**

### FILTER BLEND INCLUDES

1
