## SUBLIMATED COLOUR OPTIONS

Unlimited colours\* to create infinite designs - sublimated colours are matched to Pantone Solid Coated; giving a wider range than the standard CMYK options to offer more creative freedom.

## EMBROIDERED LOGOS

---

Available across our Cut & Sew and leisurewear ranges

Logos should be supplied as a **DST** file along with a colour run using Madeira threads for the embroidered crest for an exact match.

If the logo is not set up in this format, we will require an image of the logo to set up the **DST** for you at a fee. Please explain clearly how you would like your crest to appear on both light and dark backgrounds, as well as size requirements (if there are any).

A visual of the colour run will be sent to you for approval before production can begin.

## HEAT TRANSFER LOGOS

---

Available across our Cut & Sew and leisurewear ranges.

Logos must be supplied as the following files to be able to be used for heat prints:

- **AI vectorised file (Adobe Illustrator)**
- **EPS vectorised file**

We will check over the file supplied to ensure it is suitable for heat transfer.

High resolution PDF files can also be used, however we will need to check the format prior to production.

For files containing text please provide the font, alternatively please outline the text for us to be a vectorised format.

Pantone colours should also be submitted, however if these are not available our design teams will colour match the logos as closely as possible to the artwork provided.

If you do not have the above, we will require an image of the logo to be created as a vectorised file suitable for heat printing, which will incur a fee.

## SUBLIMATED LOGOS

---

Available across all our Sublimated products.

Logos must be supplied as the following files to be able to be used for sublimation:
