

sugar blossom

FALL / WINTER  
2024 COLLECTION

**Thoughtfully designed by us, for you.** From our desks, right to your doorstep, your Sugar Blossom Jewelry is meticulously designed with special consideration for just about everything! There's no denying that it's all in the details.

Each Sugar Blossom collection pulls inspiration from what we're currently loving and dreaming of. Then, we start sketching and every detail is measured and considered down to the millimeter. From sketches to samples, the golden treasures come to life. Our golden rule has always been to make fun jewelry without sacrificing quality materials or practices.

All our jewelry is made from a base of brass or stainless steel and is free of lead, nickel, and cadmium. Sometimes we add tiny treasures, beads, crystals, and enamel to our jewelry. Pieces with a shiny gold finish are plated in 14k gold using an ion plating (often called, Physical Vapor Deposition) method which is the most modern and durable gold plating on the market.
