Construir um fisico e sua maturidade muscular e como construir um grande castelo. E um castelo nao se constroi com tijolos ou pre moldados e sim com minusculos graos de areia . O processo e tao lento que por vezes parece que nao estamos construindo nada. E de tempos em tempos ainda vem uma onda e leva uma boa parte de tudo o que foi feito. E nessas horas pensamos em desistir . Mas e nessa hora que precisamos ser fortes e persistir! Nao fique se lamentando pelo que a onda levou. Adapte-se e crie condicoes para ficar mais resistente . Sexond order arrived within 20 days of order. Both shipped to SoCal, USA without issue. Thanks ALVgear! We Deliver All Over The World.
