BESPOKE STONE + TILE

# EXPLORE MATERIAL

Since 1965 our passion has been bringing design dreams to life with the singular, timeless beauty of natural stone. The earth's most durable building material has a distinctive combination of durability, warmth, and beauty. It has inspired artisans over the centuries.

Our stones are fabricated and sourced on a global scale. We quarry, cut, carve, polish, create mosaics, and other custom orders. The natural striations and color variations, combined with our bespoke solutions, make each piece unique.

MATERIAL is the only stone and tile supplier in the U.S. to own and operate manufacturing facilities. This allows us to cater to design professionals and homeowners alike. We ensure superior quality from the quarry to the project site.

# STONE FINISHES

## ANTICO

Rugged but refined, our Antico finish perfectly balances echoes of nature with a sophisticated elegance. Crisp, squared edges provide a clean modern look, while a coarse surface feels slightly rough, evoking the rustic qualities inherent to natural stone.

## ARTISAN

Exuding an old-world look, an Artisan finish replicates a time-worn feel you'd find with original and reclaimed flagstones. The stones are chipped by hand to provide an elegant, aged look that perfectly balances honed and distressed.

## BRUSHED

The Brushed finish emphasizes the depth, variation in color, and tone of the stone. This lets it complement a wide range of aesthetics, creating a naturalistic and "rougher" feel to the design of a space.

## CHATEAU

A Chateau finish provides a refined, elegant look that is a perfect pairing for bathrooms, powder rooms, and kitchens. The rounded edges soften the look, blending a contemporary style with old Italian luxury. It has a lightly abraded surface that's completely tumbled.

## FRENCH QUARTER

Like its namesake, MATERIAL's French Quarter finish is inspired by the chipped and weathered pavers of Old-World streets. With a worn, slightly coarse surface and hand chipped artisanal edges, this finish offers a unique, aged look that only grows more distinctive with use and time.

## HONED

The most popular of our surface options—and the most versatile—MATERIAL’s Honed finish brings the material center stage. Its smooth, matte surface provides a clean canvas to highlight the beauty of natural stone while clean, squared edges ensure this finish suits any design.

## MAISON

This finish is meant to transport you back to a 17th-century villa or chateau. It replicates that Old-World Style with a time-worn and weathered look; however, it’s slightly more refined than brushing. This technique gives a light smoothness to the surface that you won’t find with French Quarter.

## PARISIAN

The Parisian is a smooth surface with textured artisanal edges. This finish is excellent for wanting the best of both a matte surface and weathered edges.

## PILLOWED

MATERIAL’s Pillowed finish is silky smooth and glossy with rounded edges. This gleaming finish is an excellent choice to compliment any space.

## POLISHED

Our skilled artisans tirelessly refine the stone to a satin-smooth glossy surface that enriches and deepens the hues of most stone colors. With its glistening and highly reflective surface, MATERIAL’s Polished finish commands attention and elevates any space.

## SUEDE

MATERIAL’s Suede finish is known for its hand-crafted round edges. Each finish is one of a kind with a lightly textured surface.

Shown in Danby Marble

# FIREPLACES

The fireplace is the centerpiece of a home and central to the legacy of MATERIAL Bespoke Stone + Tile. Whether selecting from our vast and growing library of designs, or creating something entirely custom, we can create the perfect addition to any home or project.

Traditional or contemporary—indoors or out—MATERIAL crafts mantles and fireplace surrounds to suit any need. Add a subtle elegance with the Trenton in Primavera Travertine (bottom right) or opt for a dramatic statement piece like the Organic in Breccia Neo Marble (below). Whatever the style, our North American based, generational artisans hand carve every piece, including coordinating elements like hearths and trims, ensuring each project is more than a fireplace; it is a work of art

# KITCHEN HOODS

The timeless beauty of a natural stone kitchen hood is undeniable; they add warmth and character to any kitchen, and provide a focal point for the space. With the ability to carve custom designs, MATERIAL creates hoods to perfectly suit any project—from a modern, minimal interior to a rustic, outdoor kitchen—and with the durability of natural stone, your kitchen hood will impress for years to come.

Whether the elegant white Danby Marble or dynamic Sedona Travertine, our natural stone experts can assist in selecting the perfect stone based on your personal style and the specifics of the project. Visit a showroom or our website to see how MATERIAL can help bring your dream kitchen to life.

# TILE

When it comes to tile, your options are virtually endless. MATERIAL creates custom-cut natural stone tile from over 35 stone colors and offers a wide range of finish options, from highly polished to rough and rustic. Want something even more unique? Our Pacific Rim collection offers dynamic patterns etched into four stunning natural stones.

Whether you opt for a classic aesthetic or a unique approach, our natural stone experts can help you choose the best tile for your project to create a dazzling yet functional work of art.

# MOSAICS

Mosaics come in innumerable sizes, shapes, and styles. At MATERIAL, we create custom blends of natural stone colors and finishes to produce something entirely your own. Choose from our collection of classic patterns or explore our signature designs and opt for something more unique.

Most combinations work beautifully with floor or wall installation, and because they are fully customizable, MATERIAL's mosaic offerings provide a beautiful focal point for your home. Whatever you envision, we can provide.

# MOULDINGS

An essential element of most spaces, mouldings add graceful transitions and a polished finish while creating further opportunities for design details. MATERIAL offers six families of moulding styles, each designed to suit a range of aesthetics. From the traditional profiles of the Heritage family to the clean lines of the Craftsman family, our collection provides stunning options for any project. And with each family including multiple types of moulding, it is easy to ensure consistency throughout your project.

# WINDOW + DOOR SURROUNDS

Each element of your home deserves special care and attention—door and window surrounds included. Whether inside or out, surrounds are not only an integral element for any project, they are another opportunity to personalize your home.

With a library of profiles—ranging from clean and modern, to detailed and ornate—available in a growing number of natural stone colors, MATERIAL expertly handles any project; we can even carve custom profiles to match existing surrounds.

# COLUMNS

More than merely structural elements, columns and pilasters give the appearance of higher ceilings and evoke a sense of grandeur and opulence. Whether surrounding an outdoor living area or flanking a interior hall, these architectural elements provide both form and function.

At MATERIAL, our generational artisans hand-carve every column from only the most exceptional natural stone available, ensuring your project is built to stand the test of time.

# STAIRCASES + BALUSTRADES

Often overlooked but capable of making a bold statement in a project, staircases offer another opportunity to personalize your home. Natural stone staircases offer a luxurious and striking option, bringing both beauty and durability.

Whether you are selecting from our library of designs, or creating something completely bespoke, with our decades of carving experience and wide collection of natural stone colors, MATERIAL can create the perfect addition to any project.

# POOL COPING + PAVERS

The charm of a natural stone pool is captivating and adds beauty and character to any outdoor space. MATERIAL designs pool pavers and copings that will tie in your home's exterior and pool elements, creating the perfect lounging area for any outdoor space. With the durability of natural stone your outdoor space will be enjoyed for years to come. Our natural stone experts can assist in selecting the perfect stone based on your personal style and the specifics of the project

# FOUNTAINS

From an intimate water feature in a personal sanctuary, to a grand and ornate centerpiece to enthrall guests, a natural stone fountain connects us with nature and offers unrivaled beauty.

MATERIAL custom carves each piece to match your personal style and existing architecture, ensuring every fountain fits seamlessly within its surroundings, whatever they may be. And with four architectural finishes and over 35 stone colors, MATERIAL makes it simple to create something entirely your own.

# EXTERIORS

Make your home your own—inside and out. MATERIAL provides a range of exterior cladding and veneer options in nearly every stone offered, ensuring a seamlessly polished result.

Feeling rustic? Consider our chopped stone thin veneer in Maderno Travertine or White Limestone. Prefer a more polished and contemporary look? Exterior cladding in honed Nero Marble is a stunning option. If you can dream it, we can create it.
