

Plasterboard Letterbox

The Plasterboard Letterbox is a quick and easy to install steel gateway that provides easy access for plasterboard and other large sheet material between floors.

Carrying large sheet materials within a construction site may prove hazardous, in particular when moving sheet material between floors.

Carrying sheet material on stairs can be particularly hazardous as the stairs may also be congested with other trade people.

The Plasterboard Letterbox – a narrow gate made of strong steel that is quick and easy to install and quick and easy to remove when redundant. There is no damage to the floor surface enabling a quick patch repair.

Stainless Steel hinges are fitted to allow outside storage without corrosion damage.

Specification:

Outside dimensions 140cm x 17.5cm

Opening dimensions 135cm x 12.5cm

Installation floor opening 136cm x 13.5cm

Weight 10kg

Features:
