artdinox

At Arttd'inox, we believe that art has the power to evoke emotions and craft powerful thoughts. We also believe that art is not just a creative expression, but rather a holistic timeless interpretation of age old Indian crafts and traditional elegance, entwined with modern whimsy and global trends.

With every piece, we make sure to give the true "*karigar*" his due diligence, leaving no stone unturned to revive, up lift, elevate and promote our artisans and their "*karigari*".
