OFFICIAL TRAILER

The Idea Space makes consciousness as real as gravity. **Clement Decrop, the 21st century Einstein, leads the layperson on a captivating scientific exploration of consciousness that revolutionizes our conventional understanding of the mind.**

The infinite space of our mind mirrors the infinite vastness of the universe, and lessons gleaned from one can illuminate the other. **Delving into *The Idea Space* lifts the veils of illusion that keep us from understanding our true Selves.** Packed with illustrations and engaging exercises, the book demystifies mindfulness by transforming esoteric concepts into practical, accessible tools for all.

Decrop inspires those seeking the hidden truths of our world to uncover a genuine, sincere, and harmonious purpose to life. The beauty of these truths is they are hidden in plain sight. All you have to do is *look*.
