ARTHUR

Design: Gino Carollo

Il connubio tra materiali quali il cristallo e l'alluminio trova nel tavolo Arthur una delle sue espressioni più alte, in grado di soddisfare le esigenze di quanti prediligono un design più tecnico e rigoroso che, proprio in quanto tale, si rivela quanto mai versatile ed adattabile a qualunque stile d'arredo.

The pairing of materials such as glass and aluminium finds one of its best expressions in the Arthur table, able to satisfy the needs of people who prefer a more technical and meticulous design that, for this reason, is completely versatile and suitable to every furnishings style.
