## La PIETRA che Vive

La bellezza senza tempo della pietra, disegnata dalla natura con texture e venature uniche e irripetibili, in tonalità e sfumature sempre affascinanti per la loro profondità. Il pregio, che le ha dato un ruolo fondamentale nell'architettura e nel design, e le qualità tecniche, che l'hanno eletta uno dei materiali più importanti in tutte le epoche, caratterizzano le pietre e i marmi di Mvsevm, selezionati per elevare il design ad un rapporto privilegiato con la natura e con l'arte di creare forme originali. Nella contemporaneità c'è un'eleganza secolare.

## Living STONE

The timeless beauty of stone, designed by nature itself with unique, specially made textures and veins and in rich tones and colours which never fail to enchant.

Its calibre, which has given it a key role in architecture and design, and its technical qualities, which have made it one of the most important materials throughout the ages, are characteristic of Mvsevm's stone and marble, selected to highlight the special relationship of design with nature and art to create original forms. In contemporary style there is a centuries-old elegance.

## L'essenza del LEGNO

La vitalità del legno sta nel dinamismo delle venature, nell'incantevole chiaroscuro del colore e nel calore dell'atmosfera che sa creare attorno a sé. I legni della collezione Mvsevm sono il frutto di una selezione accurata tra le essenze tradizionali e quelle più originali, una ricerca mossa dalla passione per questo materiale straordinario che non finisce mai di sorprendere e di ispirare il design.

Arte ebanistica e natura si fondono in mobili sempre meravigliosamente attuali con lavorazioni di alta qualità. Tutti i legni vengono utilizzati nel pieno rispetto della sostenibilità ambientale.

## The essence of WOOD

Wood owes its vitality to the dynamic nature of the veins. Its enchanting light and shade effects and the warmth of the atmosphere it creates around itself.

Mvsevm collection's wood is painstakingly chosen from traditional types of wood and more original ones, a research driven by our passion for this exceptional material which never ceases to surprise and inspire design.

The art of woodwork and nature come together to create gloriously modern furniture with high-quality finishes. All wood is used in an environmentally-friendly way.
