

# LAGOON INSULATED

KAMBUKKA®

## USAGE RECOMMENDATION

- Suitable for cold beverages.
  - Hours cold: graph
  - All of our Kambukka bottles have been rigorously tested at full volume and constant temperature conditions.
- **1** Do not overfill. Fill liquid maximum up to the shoulder.
- This bottle is not suitable for carbonated drinks.
- **2** Prior to drinking, check to ensure the lid is properly threaded to the body and screwed down completely.
- Avoid accidental leaking of your drinking bottle by closing the spout when carrying around or putting in a bag. Make sure to always empty your Kambukka bottle before boarding on a plane. The pressure changes in the cabin can lead to issues with water spraying out of the top.
- **3** Do not microwave and do not freeze.
- Universal lid. Fits any Kambukka body. All of our Kambukka lids are interchangeable however for optimal use we recommend you match the lids to the original bodies.

## CLEANING INSTRUCTIONS

- Wash all parts with soapy water before first use.
- Lids are dishwasher safe.
- Do not remove silicone drink spout.
- To remove straw, twist to the left.
- Lid: put spout in open position while cleaning to easily rinse.
- If you have purchased a mug that has a brushed stainless steel body (not coloured or painted), the body is dishwasher safe.
- If you have purchased a mug that has a coloured or painted body, it is recommended that the body will be hand washed.
- Always store with lid removed.
- Replacement lids are available on our website.
