

SPORT-FI S6P

In-Ear Sports Headphone System with Memory Wire and Universal Sports Armband

ENGLISH

visit www.meelec.com/fit for fitment video and additional info

HOW TO WEAR SPORT-FI CORRECTLY

Incorrect wear will result in poor fit and sound!

CORRECT
cable over-the-ear and earphone flush in the ear

INCORRECT
earphone not flush in the ear

INCORRECT
cable hanging down

EAR TIPS: SELECT CORRECT SIZE

If your music sounds tinny or lacks bass, try different ear tips.

6 sets of ear tips are included to ensure you get the best fit, comfort, and sound.

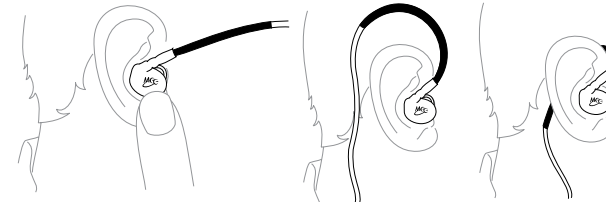

Select ear tips that:

- Allow the earphone to fit flush in your ear
- Seal with your ear canal and reduce outside noise when inserted

Install ear tips as shown. Make sure ear tip is installed tightly before use.

FIRST USE: MEMORY WIRE CONFIGURATION

1.

With memory wire straight, put the earpiece in your ear and move it around until it seals in your ear canal and the earphone is flush in your ear.

2.

Bend the memory wire around your ear.

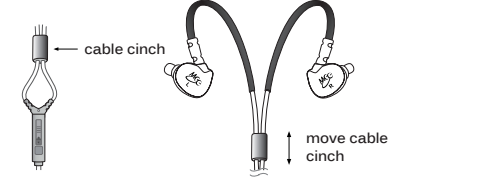

3.

The cable should hang down. The fit should be comfortable and secure.

For a demonstration, visit www.meelec.com/fit
Contact support@meelec.com if you have any issues.

CABLE MANAGEMENT

Tighten the cable cinch and use the shirt clip to control cable movement during activities

MICROPHONE & REMOTE USE

The S6P includes an inline remote with a built-in microphone, button, and universal volume control.

Most smartphones are compatible with the remote and additional functions are available with Apple® and some Android™ devices.

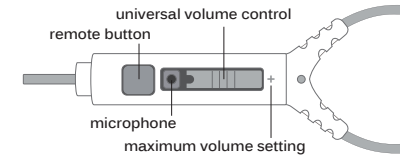

Visit www.meelec.com/phone for complete compatibility and functionality.

Button Functionality for iPhone® and Android phones:

Phone Mode	Button Press	Action
Incoming phone call	Single Press	Answer phone call
Phone call in progress	Single Press	End call

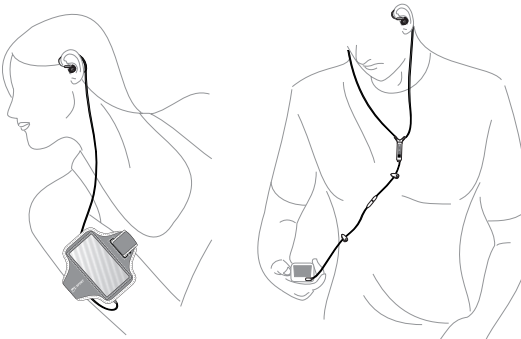

Volume Control:

For maximum volume, move the slider to the + position

SHORT AND EXTENSION CABLE

The Sport-Fi S6P uses a modular cable system to fit your workout style.

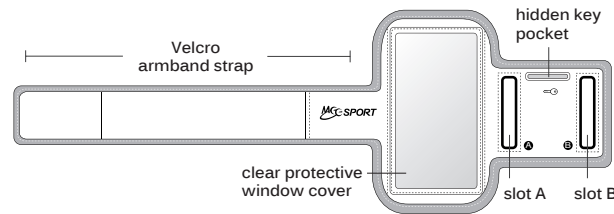

Use the short cable with armband

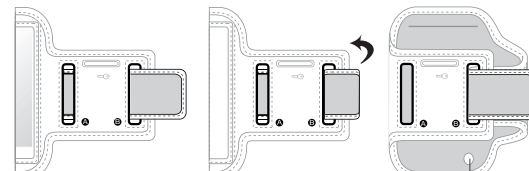

Add extension cable for standard use

USING THE ARMBAND

The armband provides a secure and convenient way to hold your device during activities and allows use of touchscreens. Maximum screen size is 4.9".

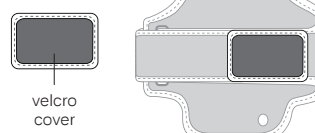

FOR LARGE SIZED ARMS:

Place the strap through slot B

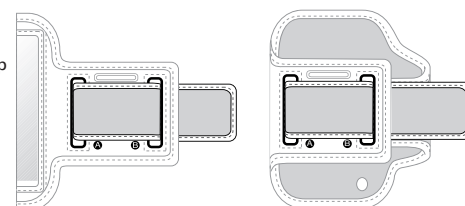

hole for headphone plug

An additional Velcro strip is located in the carrying case to cover the rough Velcro area when necessary to prevent rubbing.

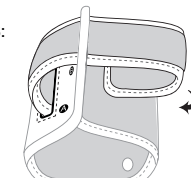

FOR SMALL TO MEDIUM SIZED ARMS:

Place the strap through slot A and B

FOR VERY SMALL SIZED ARMS:

Place the strap through slots A and B and fold the strap under itself as shown.

REMOVAL AND REINSERTION DURING WORKOUT USE:

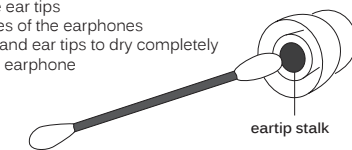

If you must remove and reinsert the earphones while working out, dry your ears before reinsertion to avoid getting sweat in the nozzle. Sweat will cause the earphones to slip out and may lead to a temporary reduction/loss of sound.

CARE AND CLEANING

- Do not remove from ears or headphone jack by pulling on the cable.
- Use the included carrying case when not in use.

CLEAN REGULARLY AS FOLLOWS:

- Put a small amount of rubbing alcohol or hydrogen peroxide on a cotton swab
- Remove the ear tips from your earphone and push the cotton swab through the center of the ear tips.
- Clean the outside of the ear tips
- Swab around the nozzles of the earphones
- Wait for the earphones and ear tips to dry completely
- Put the tips back on the earphone

WARNING

Using headphones at high to moderate volumes for extended periods of time will result in permanent hearing damage. Do not use while driving a car, cycling, operating machinery, or performing other activities that require hearing surrounding sounds.

Visit www.osha.gov for more info.

SAFETY TIPS

It is advised to turn the volume on your device all the way down before connecting your headphones, then gradually increase the volume until you reach a comfortable listening level.

TROUBLESHOOTING

Visit www.meelec.com/troubleshooting for solutions to common issues.

WARRANTY

MEElectronics earphones purchased from authorized retailers are covered by a manufacturer warranty. Visit www.meelec.com/warranty for warranty information.
