

THIS IS HOW WE CAN HELP!

We are now delivery only, but don't let that stop you from shopping!...

WE'RE IN THIS TOGETHER

At a time like this one might try to make the argument that **Running and Walking are Essential** and The Runners Shop is part of the supply chain... but in the final jeopardy round pitted against LCBO, I lost. Rats.

No reason for despair though! The Runners Shop is still in action, our **online store is OPEN** and I am IN STORE eager to take your **calls** and **questions** anytime.

Caring and knowledgeable customer service has always been essential and that has not changed or been cancelled!

This is how we can help

Our extensive data base holds your shoe size and preferences. We can put the right shoes on your feet.

Just call [416 923 9702](tel:4169239702) or email us info@therunnersshop.com for that info.

If you have questions of any kind, just call (*out my name...and I'll be there... yes I will... you've got a friend*).

Prefer to purchase over the phone? No problem. Same advice, just call. **Same day delivery in Toronto!** Not sure of the size? I can bring options.

Want to look at the shoe colours? We can FaceTime, Skype, or share pictures over text or email. ♥

Haven't bought an outfit since your '86 cross-country season? Retro is cool but has its limits. 😊 We have an extensive collection of comfortable apparel.

The Runners Shop has always appreciated your business. I now appreciate it now more than ever (If that is possible).

Please **SHOP LOCAL** and help keep us going.

I extend my warm wishes to you and your families during this very stressful and difficult time.

Take care of yourself and keep well,

Lynn

runnersshopto Customer service continues. This is how we can help ☺ Our doors may be closed but our owner and commander @runninglynn is behind them taking calls, emails, and carrier pigeons with your requests ☺ You may not know this about us but we're huge shoe nerds ☺ So much, in fact, that if you've ever bought shoes from us before, we have a database with your size and shoe history ☺ Unsure of your model or size? Call, email, or carrier pigeon our way and Lynn will check for you. ☺ If you're in Toronto she'll deliver your shoes, gels, clothes, etc. directly. ☺ And if you're in Canada and buy online, we'll ship your order for free with a 10% discount (automatically applied to shoes and clothes) ☺ We didn't plan this but here we are making it work ☺ Help support us by shopping local, following our account/liking some posts, and sharing this with your running friends 🐾 We got this! ☺ #covid19 #coronavirustoronto #smallbusiness #supportsmallbusiness #shoplocal #deliveryonly #shoedog #shoeslinger #runningshoes #torontorunning #runtoronto #4run6
