

Secure Econoblinds

SECURE
COVERS

Product Information

24/11/22

Secure Econoblinds protect livestock buildings and sheds from rain, wind, snow and hail, and are a cost-effective alternative to roller blinds.

Secure Econoblinds can be used above gates and barriers to provide weather protection for your livestock while still allowing easy access. Made from tough, **knitted HDPE**, Secure Econoblinds are very strong and durable and will last for many years, even in areas with prolonged bad weather.

Secure Econoblinds use a simple track and trolley system, are easy to assemble and install. The Econoblind is operated with a rope pulley to move the blind up and down.

Secure Econoblinds

Technical information

PROPERTIES	SPECIFICATIONS
Raw - material	HDPE LLPDE
Weaving construction	Interlocked knit
Weight	300 gsm
Thickness	1.4 mm
Thread	32 threads / 10cm
Tensile strength	30 N/mm
UV resistance	1000 KLy (minimum 10 years)
Wind resistance	75% reduction in wind speed
