# About Company

**Ambient Architects** is driven by the vision to create the most magical spaces to dance, connect and transform in. In order for people to open up and project radical expression, it requires inspiring art, music, and ambiance. For the audience, our solution is to make our art both beautiful and functional. For the event producers, we've developed our products and services to be modular and scalable.

We have designed and installed our structures in venues and festivals in the US and world-wide; providing shade, lighting, construction and awe-inspiring precision details for our diverse production company clients.

With 20 years experience in textile arts, design and construction, we have built our dream of servicing our sublime style and ingenuity, setting up structures, dance spaces, stages and interior design for festivals, events and venues.

# Decór Design Services

**Ambient Architects** is here to assist your event with inspiring ambiance and creative flowing style. Many renown festivals and venues have trusted our taste and ability to design, decór, and install our modular shade sets into eye-catching structures. We work professionally with your production team on selecting from our existing inventory or we custom produce the necessary items to harmoniously integrate with your theme and brand aesthetic.

No matter your scale, we can make any space stand out and sought out by your audience, both day and night. We can provide or use your existing lighting to enhance

the evening time with lanterns and sequenced LED mood lights that provide dramatic ambiance. In addition, we can work with your projection mapping artists on panels that are reflective, so their visuals pop, scaling your space up to epic proportions.

We have the capability to custom fabricate laser cut wood panels with finesse and compose found objects and reclaimed materials to convey a specific theme. You can trust our imagination to not only create a sublime experience but also to think practically with logistics in mind. Moreover, we are adaptable to ever changing conditions that occur on location.

# Spectacular Spaces and Stages

### Interior

We can transform any space to party status and work with your theme so it all fits together.

### Custom Fabrication

We can design and produce any custom items to make your space or stage unique including lighting.

available for consultation and service. We stock a variety of inventory for sale or rent that we can help you select from.

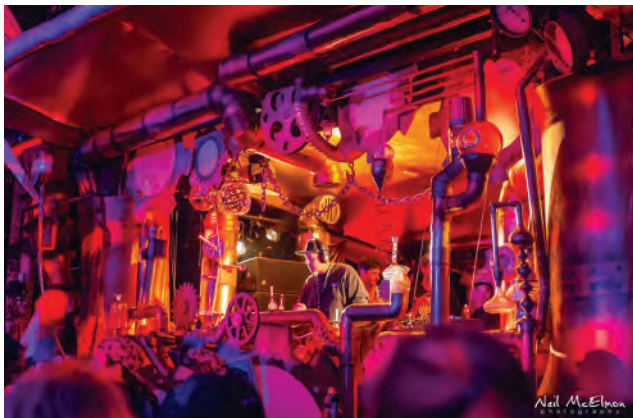

### Exterior

If our inventory of sensational modular panel sets do not work with your aesthetic, we can custom design panels to match and aid in your technical needs.

### Installation

Putting it all together requires experience and know how to ensure that your structure is secure, stable and tastefully coordinated. Our sister company *Ambient Installations* are

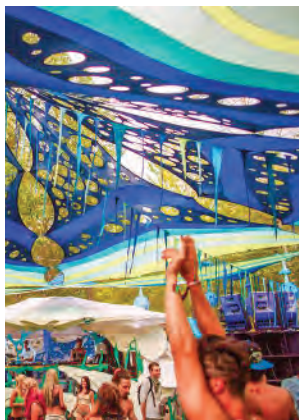

# Shade Structures

## Shade Structures

Aiming to dazzle your audience with vibrant and artistic shade that interacts with light and shadow in magical ways.

We recognize that producing an event with structures requires efficiencies, stability and scalability with installation and design. To facilitate the balance of creativity and practicality, we developed a modular shade sail sets of various motifs and colors that can be used as building blocks for the needs of your space in order to provide a memorable experience for your audience.

Our panels can easily integrate with existing structures or stand alone with poles. Poles are unsightly, so we offer pole wraps and accents to harmoniously integrate them visually into the structure.

### **Free-Standing Structures**

Self sufficient; mounted on poles and staked to the ground, these can be used for small or larger scales. Pole wraps provide a wonderful façade that fits the motifs of the panels.

### **Geodesic Domes**

An immersive experience of color and geometry. Replace the sterile dome cover with our astounding panel sets.

### **Stage Structures**

Integrated into existing stage structures, trees and poles.

# Decór Accents

**Ambient Architects** spaces are adorned with a variety of original designed lanterns and flags. Enchanting audiences with surreal textural eye candy to create magical moments for any event. Our decor invokes an alchemy that blends the boundaries between whimsical and opulence.

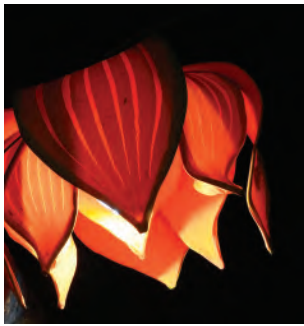

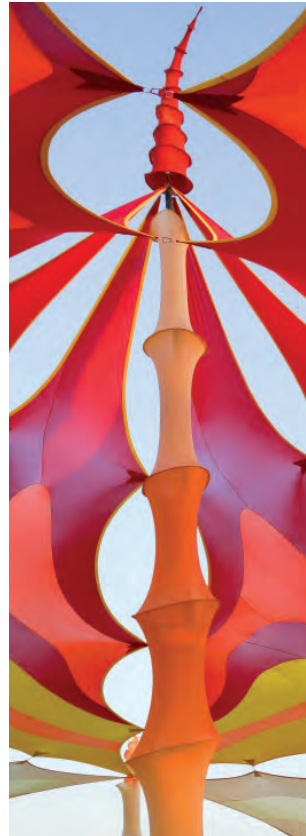

The **Lanterns** come in a variety of sculptural styles and work with or without lighting. They can be hung in shade structures, in trees, on stages, and illuminate with a collection of colors, patterns, and textures.

Our various **Flags** add movement and color to your zone and create a festive atmosphere. These accessories complete our shade structures adding style and flair. Decor accents can be purchased or rented from our

inventory. We can also make custom ordered flags and lanterns to match your theme's colors and patterns. Our primary goal is to create the most spectacular ambiance imaginable.

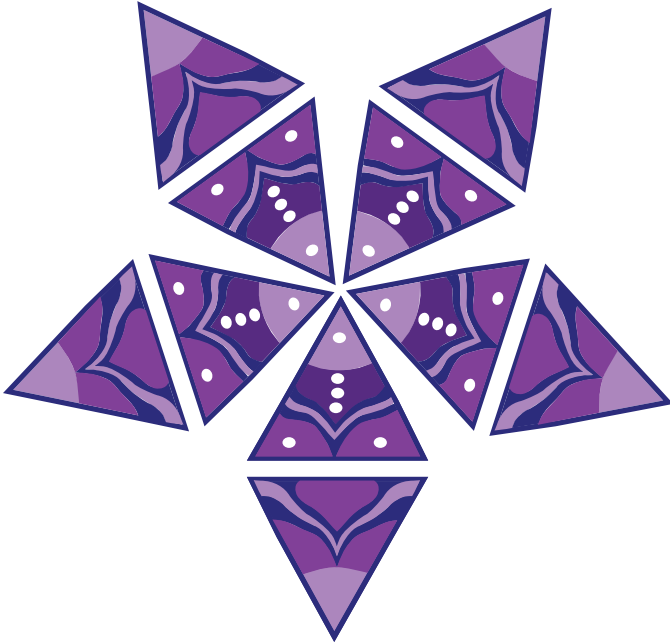

**Pole Covers** complete the aesthetic and hide the unsightly support beams with a cohesive style. They are made to match any shade panel set you choose.

# Contracting and Ordering

## **Design and Installation**

Contract us to design and/or install any of our custom décor products. We will provide an estimate based on the budget and input you give us. The ordering process includes a creative consultation, a written custom quote and a graphic of our panel design with your color choices in place. We reserve the right to change our plans if we encounter conditions that need resolving on location.

## **Ordering Products**

Please check price sheet insert. Contact us for updated prices and inventory availability.

## **Renting**

If you decide to contract our installation service, we can provide you with a list of décor and structures available for rent. We require a damage deposit for any rentals installed by our clients.

## **Custom Orders**

We require a half down payment for all custom orders of shade sets and decor items. Anticipate up to a 3 month production turnaround time including freight/shipping.

## **How to Guide**

For the do-it-yourself installation projects we provide a user guide to help your production team install our items correctly.

## **Shipping and Freight**

We will provide estimated shipping rates on the invoice or quote. We use FedEx with requiring a signature for receiving upon deliver.

## **Payment Terms and Conditions**

We require a 50% deposit to begin production on an order. Remaining balance and shipping costs must be paid in full before the order is shipped. Once you contract our services, we will email you an invoice providing you with a summary of the items and shipping costs. Our preferred form of payment is a direct deposit to a bank account. Other forms of payment maybe be accepted with prior approval.

## **Damaged or Lost Items**

Once the décor items are shipped, you will be provided with a tracking number to monitor delivery schedule. We are not responsible for packages once they have been shipped with the carrier. Once deliver status is confirmed buy carrier ,ambient architects is no longer obligated to provide any information on the package and it becomes the sole responsibility of the client.

## **Warranty**

Our warranty provides protection against manufacturers defects only .

## **Returns Policy**

All sales are final unless the items were damaged upon arrival.

## **Care and Maintenance**

Our products come with "How to Care for Your Décor" and "Décor Installation Guide Lines" documentation. We can provide you with information on UV and fire proofing products for you décor. Your materials will last longer and look better if you install, care for and store it correctly over time.
