Your New RTS Tactical Bulletproof Pillow Ballistic Panel Is Sealed With An Outer Shell Of Durable Nylon.

ULTRA LIGHTWEIGHT

RTS Tactical's FX770 NIJ 0101.06 Level IIIA Armor Weighs In At 1.42lbs Per Sq Foot And Leads The Industry For Light Weight Armor Options At Our Price Point.

MADE IN AMERICA

The Bulletproof Ballistic Panel Is 100% USA Made With Dupont Kevlar™, And Constructed, Sewn Sealed And Goes Through Strict Quality Control In Miami Florida.

Memory Foam Pillow Features:

- Conforms to the shape of your head and shoulders
- Cradles neck and shoulders – do not push your head up as you sleep
- Air spaces in the memory foam structure make it breathable and keeps you cool
- Removable Cover
- Fabric handles are discrete, don't interfere with a good night's sleep and turn the pillow into a shield

Bamboo Fabric Pillowcase Features:

- Absorbent and Breathable – keeps you dry and comfortable
- Ultra-smooth and soft feel
- Wrinkle-free
- Hypoallergenic
- Antibacterial and antifungal

According to the United States Department of Justice, more than 2,000,000 homes will experience a break-in or burglary this year. That means, in the United States, more than 5,400 homes will be burgled per day!

Even more worrying is the fact that more than 80% of those burglaries will be carried out with a firearm. This concerning data highlights an issue that RTS Tactical wanted to address with our latest product. The BulletProof Pillow is RTS Tactical's solution to keep homeowners safe when confronted with this threat.

There are currently limited to no products available to the homeowner that is specifically dedicated to this type of threat. When you and your family's safety is at risk and you have mere seconds to respond, it is critical to be prepared and have confidence in the measures you use to protect yourself and those you love.

To address this need, RTS Tactical combined their overachieving RTS FX770 NIJ 0101.06 Level IIIA 20X13 Soft Armor with a Premium Memory Foam Pillow.

This outstanding combination does not compromise on either safety or comfort – it is a quality product you can rely on.
