Our RTS Tactical HST Quick Release Plate Carrier is designed to provide ultimate protection and comfort for those who put their lives on the line. It features our best-in-class spacer mesh that provides superior ventilation and breathability. With this advanced technology, you can wear your plate carrier for long periods of time without becoming overheated or uncomfortable. Our upgraded shoulder support also ensures maximum comfort with removable pads that provide extra cushioning when needed.

The premium laser cut MOLLE cummerbund soft armor compatible allows you to customize your plate carrier with multiple RTS Tactical Soft Armor and Hard Armor Packages for optimal protection. This gives you the freedom to tailor your equipment to meet any mission specific requirement, so you're always ready for whatever comes your way. All sizes are capable of supporting 6x8 hard armor side plate inserts ensuring maximum protection no matter the situation at hand.
