The RTS Tactical RICO Special Operations Vest with FX770 Level IIIA Soft Armor is the best in its class and provides the utmost protection for Special Operations, SWAT, Entry Teams, and Tactical Operations. Featuring a unique 4-point QR buckle system that allows fast donning and doffing while providing a side loading plate design to easily reduce weight.

This vest also comes with a full 360 Laser Cut Load Bearing MOLLE platform, as well as SAPI Plates (front, back, and side) along with hard armor compatible inserts such as 6x8 side plates - making it flexible for mission specific configurations of pouches and accessories. The full soft armor coverage overlapping design provides an added layer of security while being Cummerbund soft armor compatible.

For added comfort, this vest boasts an industry-leading spacer mesh backing that allows wearers to use their plate carrier for extended periods without discomfort. Furthermore, upgraded shoulder support ensures extra stability regardless of the user's environment or surroundings. Additionally, this vest is compatible with RTS Tactical Interchangeable front load out flaps and configurations to further customize your gear for any given mission.

FEATURES:

- ✓ 4-point QR buckle system for fast donning and doffing.
- ✓ Unique side loading plate design for easy reduction of weight in the field.
