ORIENT ELECTRIC

A BRAND THAT STRIVES TO BRING THE BEST OF INNOVATION FOR YOU

We are always in-sync with the changing demands of the modern world and constantly explore new avenues to make life simpler, better, and future-ready. We are already India's favorite one-stop-shop for fans, lighting, home appliances, switchgears, and other electrical solutions, And yet, we're always excited for more - more innovations, more comfort, more elegance. We call it, the Orient way.

The pioneers of change. The market leaders. The Superbrand. We are known by a lot of names but at our core, we are a brand with a singular goal in mind - delighting our consumers with the finest there is to offer! And we've been doing it for 70 years. Our customer-first ideology empowers us to break new barriers in our pursuit of offering better, more innovative solutions. We strive every day to get the right proportions of aesthetics, technology, and performance at your doorstep. At Orient, your comfort and convenience take the front seat, with affordability and functional utility following suit, which is one of the reasons why we're the front-runners in the energy-efficient fans segment.

THE ERA OF ENERGY-SAVING FANS IS HERE

Did you know that in countries like India, where tropical climates prevail, ceiling fans are crucial for keeping homes cool?

However, their widespread use also comes with a significant energy consumption cost, accounting for approximately 20% of a household's total electricity usage. Recognizing the need for energy conservation, we have introduced our new range of Star - Rated ceiling fans, certified by the Bureau of Energy Efficiency (BEE). These fans are not just about staying cool - they're about staying cool with cool savings.

Our BEE-compliant fans are designed to save you money. With superior energy efficiency, they ensure your comfort without causing the worry of high electricity bills.

HOME	ABOUT US	PRODUCTS	CONTACT
INTRODUCTION	SAVINGS	MANUFACTURING	MILESTONES AWARDS

SAVINGS ARE IN THE AIR WITH ORIENT STAR-RATED FANS

HOW TO CALCULATE STAR-RATING IN FANS?

Air Delivery/Watt = $\frac{\text{Service Value, further Service Value is designated as per BEE norms}}{\text{Watt}}$

Slabs (Service Value)	Star Rating	Annual Savings (INR) *
≥4.0 < 4.5	1 Star	861
≥4.5 < 5.0	2 Star	1096
≥5.0 < 5.5	3 Star	1291
≥5.5 < 6.0	4 Star	1448
≥6.0	5 Star	1761

*Orient fans compared to non star induction motor fans. Calculated basis electricity rates @`6.7/unit

 <p>Redesigned motor for less power consumption</p>	 <p>BEE Certification from NABL Approved Labs</p>	 <p>Added safety wire</p>

STATE-OF-THE-ART FAN MANUFACTURING FACILITIES

With exclusive manufacturing facilities in Faridabad, Noida, and Kolkata, we take the lead in introducing pioneering products to the market and establishing new standards of excellence. As we prepare to inaugurate our cutting-edge fan production facility in Hyderabad, we remain eager to redefine industry benchmarks once again.

We draw a sizable advantage from our state-of-the-art proprietary manufacturing facilities for fans at Faridabad and Kolkata, which enables us to manufacture first-to-market products with best-in-class quality and performance. Quality being the key driving force behind everything we do at Orient Electric, we conscientiously follow the Six Sigma processes to manufacture zero-defect products.

Our sustained investments in building up competence and innovation centers have helped not only to bring differentiation but also bring down costs. We have a huge acceptability of our products in the international markets. Today, we are one of the largest exporter of fans from India with a strong marketing presence in over 35 international markets.

BLDC FANS

Aerosense is the latest entrant in our Aero Series- Orient Electric's flagship series of premium ceiling fans. Inspired by the aerodynamic wings of airplanes, Aerosense redefines comfort and convenience with its futuristic features. It is IoT enabled for effortless control via voice commands or smartphone taps from anywhere in your home. With fluidic blade design and premium PU finish, it's not just easy to maintain but also enhances modern interiors. This all-season fan provides two-way rotation for year-round comfort, circulating cool air in summers and warm air in winters.

ENERGY SAVING SERIES

Experience the future of fan technology with Orient's Energy Saving Series, featuring Brushless Direct Current (BLDC) motors. BLDC motors use permanent magnets for efficient electricity transfer, minimizing heat loss and component wear. Revolutionizing efficiency, durability, and sustainability, BLDC fans redefine comfort and conservation. Upgrade now to experience the lasting difference firsthand.

EXPERIENCE THE FUTURE OF COMFORT

Our fans are a unique combination of futuristic features, revolutionary BLDC technology and exquisite craftsmanship. Experience whisper-quiet operation, voice control, and effortless remote functionality. With enhanced motor durability, reduced noise, and doubled efficiency, Orient BLDC fans redefine comfort while significantly cutting electricity bills.

THUNDERSTORM PRO WALL FAN

-  Double ball-bearing
-  Powerful air circulating motor for continuous operation with high air delivery & thrust
-  It comes with the air direction control by telescopic height adjustment
-  Sturdy metallic body for "durability"
-  Motor protection and thermal overload protection device with auto-reset
-  Narrow aerodynamically designed blades for providing "Low Noise"
-  Tilt adjustment for adjusting the fan till 15° angle
-  Floating arrangement for changing the position of oscillation

Room Size (sqft)	Recommended Sweep Size for Ceiling Fans		
	mm	feet	inches
Upto 70	600	2.0	24
70	900	3.0	36
100	1050	3.5	42
160	1200	4.0	48
180	1300	4.3	52
225	1400	4.7	56

Important: To maximize air delivery over the required area, your Orient Electric ceiling fan should be 2.1 meter or more from the ground and 30cm or more below the ceiling. For large rooms with more than one fan, the center distance between each fan will depend on sweep sizes.

Sweep	1400mm	1200mm	1050mm	900mm
Center Distance	3m	2.5m	2m	1.8m

- Visuals shown in the brochure, may vary slightly from actual product
- Air delivery may vary ±5%
- All specifications are subject to change without any prior notice
- Models may change during the year
