

LAZZONI

PROJECTS

We are Lazzoni and Lazzoni is much more than a furniture design house. It is a contemporary boutique of ideas, inspiration and good will that transforms spaces into homes. We acknowledge that every home is different, carrying that individual spirit and feel, unique in every one of us. This is why we put an extra emphasis on creating interiors that nurture human wellness and embody a personal sanctuary.

We achieve this with determined vision and smart furniture design.

With our history and experience of over 100 years, we have carried our ideology throughout the generations to associate it with the more contemporary term of sustainability.

- Installation and delivery services worldwide
- Fabric and texture options for every style
- High-quality products with fine craftsmanship
- A global approach aiming to make satisfied customers in all world metropolises
- Exclusive design service for different living areas

New York, USA
2017

ZAHA HADID

An Exclusive Look Inside Zaha Hadid's First New York City Residence "It's sculpture inhabited." That's how Tiago Correia, the U.S. director of Zaha Hadid Architects describes his firm's condo building at 520 West 28th Street. "We made a building that very deliberately blurs the lines between art and architecture," he explains. "That's our way to pay tribute to the location, to Zaha's work, and to the burgeoning lifestyle in the area."

West Chin and Jennifer Post created interiors that both highlight Hadid's work and, in a sense, soften it for everyday living. Furnished with Lazzoni Momy sectional sofa and Olivia bed.
