

HOW TO

Determine Your Watch Band Size

Step 1

Locate your Nixon watch model on the lists below. Don't see your model? Head to step 2.

Step 2

Print this page at 100%. Do not scale to fit.

Step 3

Lay your watch case, without the band attached, on the measuring tools to the right. Measure the gap between the lugs where the band will connect. Nixon offers bands in 16mm, 20mm and 23mm.

Step 4

Go pick out some new Nixon bands to rock!

Watches That Work With Nixon Bands
