### HOW TO FIND YOUR SIZE

1. Cut out the sizer to the right.
2. Then cut a slit on the sizer where the line indicates (cut here).
3. Place the numbers on the outside of the sizer.
4. Insert the pointed end through the opening you have cut.
5. Tighten the sizer until you find a comfortable fit.
6. The number lining up with the opening is the size of the wrist.

You can also measure your wrist with a cord or piece of ribbon. Wrap it around your wrist and measure the length of it with a ruler.

Please note that some bracelet designs are different and the sizing rules differ slightly.
