GRID40

WHY GRID40?

In today's workspaces, many businesses are looking for ways to create different zones in open plan areas without building permanent walls.

Grid 40 solves this problem, with its multi-purpose design offering the solution to a host of workspace needs all in one system.

1 Create Zones

Divide an open plan space while maintaining light or visibility.

2 Display

Create beautiful display spaces and incorporate live or artificial plants

3 Storage

Provide practical storage, incorporate coat rails.

4 Interactive

Incorporate TV screens or whiteboards for Interactive display's or team meetings.

GRID40

CONFIGURATIONS

With the Grid 40 you can configure your own feature storage, planter wall, or workspace zone divider, using our frame and storage components.

CONFIGURE TO ANY REQUIREMENT

The Grid 40 system has 3 different frame heights and 8 different infill modules, to allow you to create the solution that is perfect for your needs.

The system is completely reconfigurable, it can be dismantled and re-assembled at any time if your needs change.

Aluminum Frame Sizes:

- 400D x 1500, 1890 & 2280Hmm

Module sizes:

- Individual Shelf: 800L x 400D x 25Hmm
- Planter Module: 800L x 400D x 250Hmm
- Open Storage: 800L x 400D x 415Hmm
- Base Storage: 800L x 400D x 607Hmm
- Pigeon Hole Module: 800L x 400D x 415Hmm
- TV Module: 1200L x 400D x 1890Hmm (suitable for 50-55" screen)
- TV Module: 1600L x 400D x 1890Hmm (suitable for 60" screen)
- Whiteboard Module: 800L x 400D x 1890Hmm

- Summit II electric & fixed height desking
- Mascot planter tambour
- Edge screens
- Connect freestanding screens & rooms
- Kardo monitor arms and Cube mobiles

SYSTEM COMPONENTS

BASE STORAGE

The Base Storage has hinged doors and an adjustable shelf inside. The top is set at 720mm off the floor to match the height of most standard desks or tables, if using as a workstation spine system or with a TV screen as a meeting space.

OPEN STORAGE

The Open Storage Module is perfect for display or use as an open bookshelf. It can be set at any height between any 2 of the top tiers.

PLANTER MODULE

The Planter Module includes an optional waterproof liner and mulch trays in galvanised finish to suit 200mm diameter pots. It is suitable for live or artificial plants.

INDIVIDUAL SHELF

Individual Shelves are ideal for display purposes and give an open appearance.

TV MODULE

The TV Module provides a 3 door storage unit at the base with an open space above suitable for up to a 50" TV screen. On the back there are 2 shallow shelves for display. It comes complete with an adjustable TV mounting bracket.

WHITEBOARD MODULE

The Whiteboard Module features a standard 2 door unit below, and a HPL Writable double sided whiteboard above.

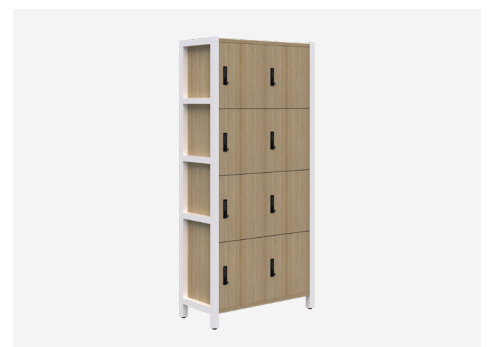

PIGEON HOLE MODULE

Pigeon Hole Module provides 6x A4 Paper slots. Ideal for use in a zone divider to block off a photocopy area.

COAT RAIL MODULE

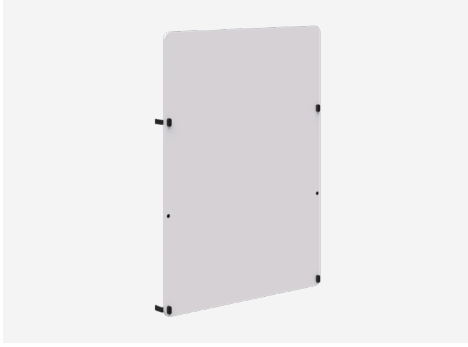

The Coat Rail can be fixed under an 800L single shelf. Requires at least 2 tiers of empty space underneath to create space for the coats.

LOCKER MODULE

The Locker Module is available in 2 sizes 880 or 1720mmL. Can be used as a freestanding module or included in layouts. Specify with either keyed or digital locks.
