

## WHY BOOST FLIP TABLES & LEANERS?

In today's workspaces, furniture needs to support agility, as well as promote workplace flexibility. Companies are looking for furniture which allows for impromptu or planned meetings and offers the flexibility of sitting or standing.

## Boost

# 01

## PRODUCTIVITY

Promotes stand up meetings for better energy and shorter duration.

# 02

## FLEXIBILITY

Can be pushed together in different configurations to create different size tables for meetings or socialising

# 03

## CUSTOMISABLE

Simply flip the top up and push to the side of the room to make use of your space for a different activity

# 04

## CONFIGURABILITY

Available in a range of standard colours and sizes, with custom colours and sizes available on request
