

SONIC SYSTEM

WHY SONIC?

Sonic screens provide a cost effective acoustic solution, with a variety of screens to match all of the Accent desking. Use vibrant colours to lift the mood or mix with muted colours to soften the look.

01

COST EFFECTIVE

Acoustic screens are a great option when you have budget restraints.

02

STOCK AVAILABILITY

We offer a choice of 11 stock colours. This also means we can manufacture our screens with a short leadtime.

03

REDUCE NOISE TRANSFER

Our acoustic screens are NRC rated 0.41-0.70.

04

ENVIROMENTAL

The acoustic panel is minimum 65% recycled content. Manufactured using industrial grade non-woven Polyester Fibre made by recycling PET, and a waste material from plastic bottles.

SPECIFICATIONS

- Desk mounted brackets and clamps in black or white powdercoat finish
- Base on freestanding screen in black powdercoat
- Side mount brackets fix to 25-30mm desk tops
- 5 Year Warranty

What is an NRC rating?

A Noise Reduction Coefficient is an average rating of how much sound an acoustic product can absorb. (How much quieter a product can make your space.) NRC ratings range from 0 to 1. An NRC of 0 means that the product absorbs no sound.

An NRC of 1 means that the product absorbs all sound. The higher the NRC, the better the product is at soaking up sound.
