**BLUE PRINCE F1**

110 days to maturity. This 2020 AAS National Winner is gorgeous and delicious! The plant has vigorous trailing vines that produce seven to nine beautiful, flattened, blue pumpkins, and its flesh is orange, non-stringy, and sweet. Grow Blue Prince F1 for beautiful fall decor and bake its flesh for a sweet and creamy treat.

**GOOLIGAN F1**

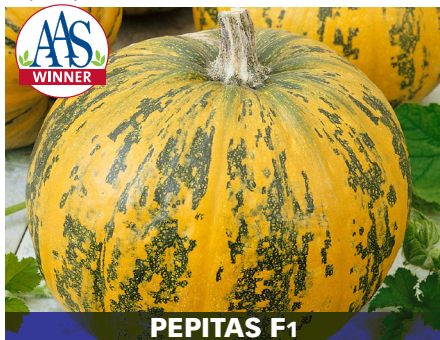

94 days to maturity. Gooligan F1 is a hybrid white, Baby Boo type. The quarter-pound fruit is slightly larger than Baby Boo and has an excellent yield. The vines are vigorous, with a great cover, and the plants set high numbers of unique fruits. Grow these beautiful white pumpkins for a spooky Halloween.

**HOOLIGAN F1**

94 days to maturity. Hooligan F1 is a bi-colored Jack Be Little hybrid with orange- and white-mottled colors. The plant produces quarter-pound fruits, and its vines provide excellent cover for high yields. Hooligan F1 is great by itself or grow it with Bumpkin F1 and Gooligan F1 for a novelty mixture.

**BUMPKIN F1**

85 days to maturity. A cute little pumpkin, perfect for the fall season. Who would not want to grow these adorable hybrid pumpkins? Bumpkin F1 has a semi-bush plant habit with tremendous yield potential. The fruits are 2 inches by 3 inches and weigh one-quarter pound. Grow these pumpkins for some cute decor or a delicious treat!

**PEPITAS F1**

90 days to maturity from seed. Pepitas F1 is a 2016 AAS National Winner. This winner is nutritious and delicious, and it is excellent eaten fresh as well as roasted. Each plant produces a high yield of medium-sized orange fruits with decorative green stripes. Not only is Pumpkin Pepitas F1 a delicious treat, but you can also decorate with them during the fall season for an exciting and unique look for your arrangements.

**CINDERELLA'S CARRIAGE F1**

100 days to maturity. Cinderella's Carriage F1 is a 2014 AAS Regional Winner. This variety is a dream come true for any princess-loving child who wants to grow their very own fairytale pumpkin. Its skin is bright red-orange, and the fruits are enormous, ranging from 23 to 35 pounds. Cinderella's Carriage F1 is the first hybrid Cinderella-type pumpkin on the market. You do not want to miss out on this epic fairytale!

**BLUE HARVEST F1**

95 days to maturity. Blue Harvest F1 is a uniquely blue-skinned pumpkin, and the fruit weighs 7 to 8 pounds and measures 9 inches by 10 inches. This pumpkin has excellent flesh quality and is a must grow for anyone wanting to add color into their pumpkin lineup.

**WHITE PRINCE F1**

A smaller version of White Harvest, Pumpkin White Prince F1 is a true white pumpkin. The fruits measure 7- to 8-inches tall, with a circumference of 14- to 15-inches wide. Pumpkin White Prince F1 produces lovely pumpkins that will look gorgeous in your home or anywhere you place them.

**AUTUMN BUCKSKIN F1**

110 days to maturity. This Dickenson hybrid was selected for both processing and decorative markets. The buff-colored fruits are 8 inches by 13 inches and weigh 12 to 15 pounds. These huge beauties are sweet with deep-orange flesh. Perfect for fall decoration, Autumn Buckskin F1 will do great on your porch or tabletop.
