

Tomato Chef's Choice Black F1

AAS 2018 Edible Winner

Regional Winner – Southeast, Mountain/Southwest and West/Northwest

And now there are six! This variety is the sixth color variation in the popular Chef's Choice tomato series. Chef's Choice Black is a beefsteak type tomato with a dark green/brown/black hue. AAS Judges reported vigorous, healthy plants with clean and uniform fruits that were early to set and had a meaty interior with great flavor. This hybrid boasts a prolific yield of 8-ounce fruits grown on strong, 5-foot indeterminate vines. You'll harvest 30 or more blemish-free fruits throughout the season from this disease-resistant plant with dark green leaves and well-behaved form. Grow the whole Chef's Choice series for a beautiful and unusually colorful tomato salad!

All-America Selections® was founded in 1932 and continues as the oldest independent testing organization in North America. Every year, new, never-before-sold in North America varieties are trialed in our Trial Grounds and professional horticulturists determine which varieties will be deemed winners based on their garden performance. AAS relies upon a public relations program to inform gardeners about AAS Winners that are announced three times each year.
