Tomato Chef's Choice Pink F1
AAS 2015 Edible Winner
Regional Winner (Southeast and Great Lakes)

First we introduced Chef's Choice Orange as an All-America Selections Winner and now we have her sister, Chef's Choice Pink--another tasty beauty in beefsteak tomato category. Indeterminate potato leaf plants yield large (often more than one pound) fruits with sweet, meaty flesh. This hybrid is easier to grow than most beefsteaks so don't be timid, give it a try. The reward will be healthy disease-resistant plants and a large harvest of tasty, attractive pink fleshed tomatoes reminiscent of heirloom varieties.

Bred by Seeds by Design
