## **Cucumber Saladmore Bush F1** **AAS 2014 Vegetable Winner** **Regional Winner (Southeast)**

Saladmore Bush F1 Cucumber boasts a bush-type growth habit making this AAS Winner perfect for growing in container gardens. Anyone looking for a good slicing type cucumber with dark green skin and long straight fruits will enjoy this beauty, along with its superior taste and texture; a perfect reflection of summer's bounty. An added bonus is the disease resistance that proved to be especially valuable in warmer climates where comparison varieties easily succumbed to late season diseases.

Bred by Seeds By Design

### **AAS® Winner Data**

**Genus species:** *Cucumis sativus*

**Common name:** Cucumber

**Unique qualities:** This semi bush vine sets sweet crisp cucumbers as long as you keep them picked. Good garden performance due to the multiple disease resistances. Has dual use, pick small for processing as pickles and harvest larger for fresh slices or spears.

**Fruit size:** 7-8 inches

**Fruit shape:** Tapered, cylindrical

**Fruit color:** Dark green

**Plant type:** Annual

**Plant height:** 24-26 inches

**Plant width:** 24 inches

**Garden location:** Full sun

**Garden spacing:** 24 inches

**Length of time to harvest:** 55 days from sowing

**Closest comparisons on market:** Fanfare F1, Salad Bush, Bush Champion

**Disease tolerances:** CMV, Scab, anthracnose, PM tolerance
