

Pole Expression Assembly

POLE EXPRESSION SIGN

1. Slide Pole Expression Brackets over top and bottom ends of Pole.

NOTE: Remove top stem if already attached to cluster pole. Replace after bracket is on pole.

Tighten and loosen brackets on pole with screw handle.

2. Bottom Pole Expression Sign Bracket should be above snap-button.

3.

With both Brackets on the Pole but not tightened, mount signs to top and bottom Brackets by fitting sign cutout over Bracket, and slide signs into Bracket openings.

4.

Slide signs and brackets into desired position once attached, then tighten both Brackets.
