## Love and Money, Sex and Death

MCKENZIE WARK

After a successful career, a twenty-year marriage, and raising two kids, McKenzie Wark has a particularly extreme midlife life-change: coming out as a trans woman. Changing both social role and bodily form recast her whole relation to the world and reveal it to her as something strange and different. Her past life becomes a stranger to her, a past she can only reclaim by writing to important figures in her life, about the big themes that haunt us all, of love and money, sex and death.

## A Short History of Trans Misogyny

JULES GILL-PETERSON

Why are trans women the most targeted of LGBT people? Why are they in the crosshairs of a resurgent anti-trans politics around the world? And what is to be done about it by activists, organizers, and allies? *A Short History of Transmisogyny* is the first book-length study to answer these urgent but long overdue questions.

## Bad Gays

A Homosexual History

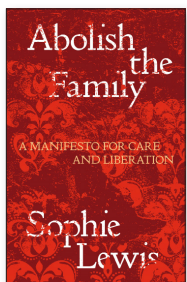

HUW LEMMEY AND BEN MILLER

Too many popular histories seek to establish heroes, pioneers and martyrs but as Huw Lemmey and Ben Miller argue, the past is filled with queer people whose sexualities and/or dastardly deeds have been overlooked. We all remember Oscar Wilde, but who speaks for Bosie? What about those 'bad gays' whose un-exemplary lives reveals more than we might expect? Amusing, disturbing and fascinating, *Bad Gays* puts centre stage the queers villains and evil twinks in history.
