

Choko Design

2023

**Winter garments and accessories for the whole family
Dual performance, stylish on and off the trails.**

WARRANTY

These garments are guaranteed for one year against defects in workmanship and materials

CHOKO DESIGN's snowmobile suits have evolved to a performance level of excellence appreciated by quality conscious snowmobilers. We strive constantly for excitement in design and excellence in performance. We have earned a reputation as an industry leader, we intend to keep it.

Unsurpassed quality of materials and our innovative construction techniques based on varying fabrics have enabled us to develop a high-tech garment that will create a barrier of thermal protection against the elements, while insuring the ultimate blend of comfort and function.

JUNIOR - TODDLER KIDDIES INDEX

In order to guide you in the selection of the best Choko Design garments and accessories for your needs we have established a rating system.

The scale depicts our warmest garments and accessories with a descending scale. 10+ being our warmest. More active people should opt for a vented jacket.

FLOATAID TECHNOLOGY

By Choko Design

- Designed to keep you mobile and afloat, not weighed down in the event of an unforeseen water emergency.
- Floataid Technology helps with initial Cold-Water Shock; Cold-Water Shock is a real danger in water below 15°C (59°F). If you do find yourself in the water, Floataid can save your life.
- Multi-Layer membranes create internal air pockets for additional buoyancy.
- Bottom mesh self-drainage system for quick water evacuation allowing for lighter weight when exiting water as well as quicker return to body warmth.
- Floataid’s insulation technology aids with body warmth even when wet.

WARNING

To achieve the maximum floatation time intended by the **Choko Design Floataid** technology you must combine both the Floataid jacket and pants.

Choko Design’s Floataid technology is not approved as a flotation device nor is it Coast Guard approved. Please respect your surroundings and ride cautiously over ice.
