

# Dual Band 4MP Home Security Camera

## DS-3107

The **Prolink Dual Band Home Security Camera (DS-3107)** is a AI-powered 4MP 2K Smart Wi-Fi Pan/Tilt/Zoom IP Camera. With its 110-degrees wide-angle lens and the additional night vision feature (clear visibility of up to 10 meters), the device enables users to capture sharp and clear moving objects both day and night – the perfect indoor monitoring device.

Prolink Home Security Camera can also be easily set up and connected to the wireless network with the Prolink mEzee mobile app, giving users full control to the device settings anytime, anywhere. With the built-in microSD card slot, videos can also be stored, and played back easily. Alternatively, recording can be saved directly to the cloud storage\*. Other key features include motion sensor and push notifications, which alerts users when there is a motion event detected.

Dual Band Wifi

Human Body Detection

Sound & Baby Crying Detection

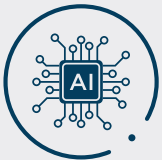

2K QHD 4MP

## Key Features

### Dual Band Wi-Fi

Support Dual Band Wi-Fi especially when 2.4GHz Network is congested, users can select Wi-Fi 5GHz to ensure the smooth connectivity with low latency.

### Smart AI Detection

Benefit from smart AI technology that detects human contours and baby crying sound, and sends you instant notifications.

### Clear Night Vision

IR LED distance at night vision up to 10m.

### Enhanced Security

Support latest TLS1.2 and AES256 encryption protocol so that the footages are securely protected during data transmission between mobile phone and camera.

### 2K QHD 4MP

2K resolution with 2560 x 1440 pixels provides a clearer and brighter video.

### Memory Storage

Support up to 512GB microSD card. Save up to 50% storage space with high efficiency compression.

### Pan/Tilt/Zoom

Adjust the view of the camera to designated angle or coverage. Easily control via the Prolink mEzee App either locally in the same network, or remotely.

### Sound & Motion Detection

Automatically captures and tracks both motion and sound while delivering notifications upon detection.

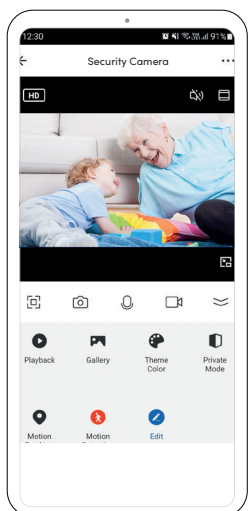

## Specifications

Wi-Fi Frequency Band	2.4/5GHz Dual Band	
Image Sensor	1/2.8" Colour CMOS	
Wide Dynamic Range	Yes	
Field of View	Wide angle 110°	
IR-LED	Up to 10m range	
Status Indicator LED	1x Blue LED	
Pan/Tilt/Zoom Control	Pan range: 360°; Tilt range: 110°; Digital zoom: Up to 6x	
Interface	USB Type-C Power Input microSD card slot (up to 512GB)	
Reset Button	Yes	
Voice Prompt	Voice prompt for camera status	
Recording	Multiple Recording Options: 1. Continuous recording to microSD card 2. Motion detection recording to microSD card 3. Manual recording to mobile device 4. Cloud Recording (optional) <sup>1</sup>	
Video	High efficiency compression; Max Resolution: QHD 2560 x 1440 pixel	
Audio	Built-in microphone and 1W speaker for 2-way communication	
Alert Mechanism	Motion detection, human body detection, sound detection, baby crying detection, activity area and siren alert; push notification on iOS and Android devices	
Onvif Compatible	Yes	
Physical Specifications	Dimensions (L x W x H)	72mm x 72mm x 109mm
	Weight	170g
	Available in	White or Charcoal
Package Contents	Home security camera, power adapter (optional) <sup>2</sup> , quick installation guide, ceiling / wall mounting kit	

Note: This product do not support power adapter and cable with PD/PPS charging protocol. It is recommended to plug-in using the included power adapter and cable.
