

Smart LED Bulb

DS-3605

16 Million Colours

Tunable White Control

Hub-free

Voice Control

Remote Control

Scenario Customization

Smart Timer

Light Grouping

Enjoy the full spectrum of everyday light with your **DS-3605 Smart LED Bulb**. A simple touch or voice command is all you need to create the perfect home ambience, adjust lighting colour or brightness, and even schedule it to your sleep/wake schedule.

Key Features

16 Million Colours

Design and customize endless lighting possibilities with 16 million colours to choose from.

Tunable White Control

Tune the appearance from a cozy soft White (2700k) to an energetic bright White (6500k).

Hub-free

No hub or extra equipment required. All you need is the mEzee app and Wi-Fi connection to start controlling your bulb anytime, anywhere.

Voice Control

A quick and simple voice command is all it takes to turn on, off or dim your lightings with Alexa Amazon or Google Assistant.

Remote Control

Double-up your phone as a remote controller with the mEzee app. Works perfectly with Android & iOS smart devices.

Scenario Customization

Movie nights or cozy family gathering settings, you can adjust and match your mood or activity accordingly.

Smart Timer

Schedule your smart bulb to turn on and off at preset timings with preferred light settings to go along with your daily routines.

Light Group Control

These bulbs can be controlled individually or as a group, letting you set the ideal mood for your lifestyle and preferences. Save your settings as different scenes for instant access.

Specifications

Driver Specification

Form Factor	GU10
Input Voltage/Frequency (V/Hz)	220-240V, 50/60Hz
Input Power (W)	5W± 10%
Input Current (A)	0.05A max
PF	>0.5
Output Current (mA)	230mA
Output No-load Voltage (V)	18VDC max
Rated Voltage (V)	16VDC
Efficiency (%)	≥72 (230V/50Hz)
Standby Power (W)	<1
Surge Protection	up to 1.5KV
Operating Temperature (°C)	-10-40°C
Storage Temperature (°C)	-20-70°C
Certification	CE

Product Optoelectronic Technical Specification

Lumen (LM)	400LM
Colour Temperature (K)	2700K-6500K
Colour Rendering Image	≥80
Coverage Angle (°)	100°
LED Specification	2700K 2835 9V 100mA 6500K 2835 9V 100mA 3030RGB 150mA
Lifetime	25000 hrs
Function	CCT, Dimming, RGB
Colour	16 million colour
Wireless Standard	IEEE 802.11b/g/n
