Dream Colours

Enjoy the full spectrum of everyday light with your **DS-3602 Smart LED Strip**. A simple touch or voice command is all you need to create the perfect home ambience, adjust lighting colour or brightness, and even schedule it to your sleep/wake schedule.

## Key Features

### 16 Million Colours

Design and customize endless lighting possibilities with 16 million colours to choose from.

### Light Group Control

Control individually or as a group, letting you set the ideal mood for your lifestyle and preferences. Save your settings as different scenes for instant access.

### Hub-free

No hub or extra equipment required. All you need is the mEzee app and Wi-Fi connection to start controlling your bulb anytime, anywhere.

### Voice Control

A quick and simple voice command is all it takes to turn it on, off or dim your lightings with Alexa Amazon or Google Assistant.

### Remote Control

Double-up your phone as a remote controller with the mEzee app. Works perfectly with Android & iOS smart devices.

### Scenario Customization

Movie nights or cozy family gathering settings, you can adjust and match your mood or activity accordingly.

### Smart Timer

Schedule your smart bulb to turn on and off at preset timings with preferred light settings to go along with your daily routines.

### Dream Colours

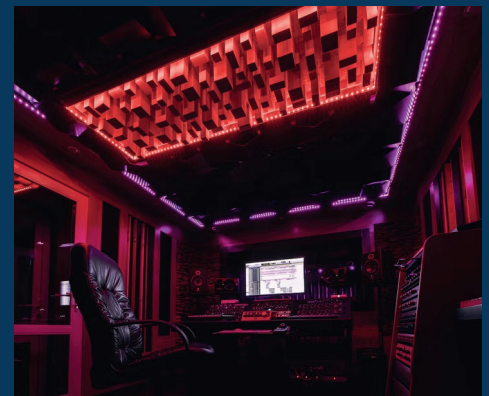

Changes colors according to sound and music. Able to DIY the color of each LED Strip partition.
