Mechanical Gaming Keyboard
(Hot-swappable)

GK-6002MS

The GK-6002MS (Hot-swappable) version gives you the freedom to alternate between Blue, Brown, or Red Outemu switches. Tailor your typing experiences to your needs with the options to choose between clicky, tactile or linear switches. A modern setup for any minimalist-getters. Designed with just 68 keys, the mechanical keyboard is compact yet fully functional.

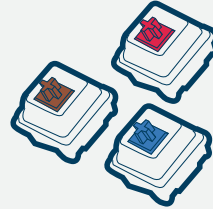

Enjoy features like the iconic plug & play lifestyle, full N-Key Rollover, doubleshot keycaps, and up to 12 different RGB backlit preset to spice up your aesthetic gaming setup.

Key Features

LIVE LIFE IN COLOURS

12 dynamic RGB backlit presets and 3 customisable lighting profiles onboard memory at your fingertips.

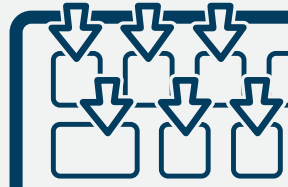

HOT-SWAPPABLE

Swap between Blue, Brown or the Red Outemu switches that best fit your needs. Choose between the clicky, tactile or linear switches.

SUPPORT 3-PINS OR 5-PINS SWITCHES

Highly customisable; compatible with almost any mechanical switches.

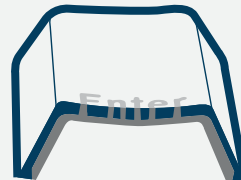

FULL N-KEY ROLLOVER

The high-end keyboard detects all keystrokes no matter how many keys are pressed simultaneously.

COMPACT DESIGN

With just 68 keys, the keyboard provides a full function support for your everyday and gaming uses.

DOUBLESOT KEYCAPS

Act as an additional layer of protection to minimize surface wear-offs from intense usage.

PLUG & PLAY

Connect the keyboard and start to your game right away with the 1.75m detachable Type-C braided cable.
