## Key Features

### Switch Between Three Devices

Work from one keyboard on multiple devices – Pair up to 3 devices and seamlessly switch typing between them.

### Dual Connectivity (Bluetooth/Wireless 2.4GHz)

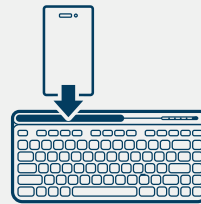

Choose to connect either using the wireless receiver or simply pair via Bluetooth to your devices.

Anti-bacterial

### 99% Anti-bacterial Rate

Integrated with antimicrobial properties to reduce the build-up of bacteria and germs on the keyboard.

### Compact Form With Holder

Space-saving design with holder to keep mobile devices like smartphone or mini tablet at a comfortable viewing angle.

### Multimedia Keys

Dedicated multimedia controls that provide easy access to your favourite shortcuts.

### Comfortable Precise Typing

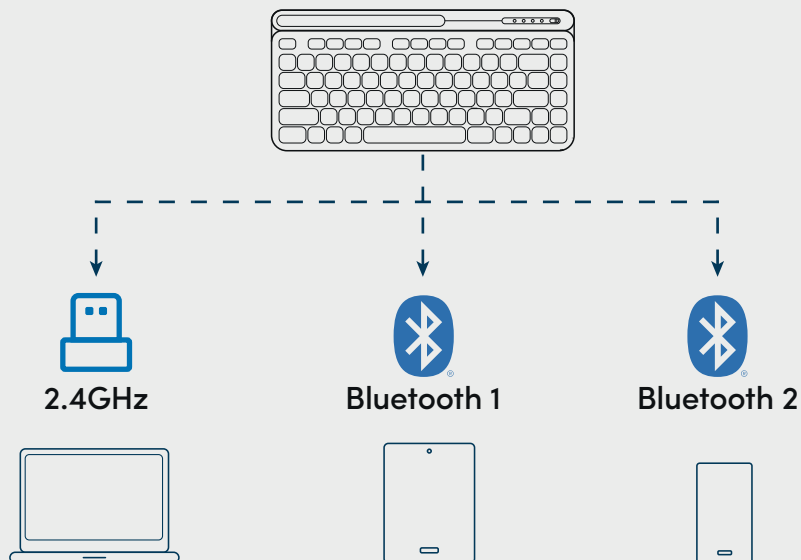

Scoped square keys and chiclet design provides a familiar and precise typing experience.
