

Maca Wireless Mouse

GM-2001

Designed to be light and compact, **Prolink Maca Wireless Mouse** is the portable mouse that fits your lifestyle, wherever you go.

Integrated with antibacterial properties that help reduce germs build up. Suitable for use in quiet environment attributed by the silent-clicking and smooth scrolling features. The mouse sensitivity can be adjusted by toggling between the DPI button, up to 1600 DPI.

When left idle for more than 15 minutes, the mouse automatically switches to sleep mode to conserve and extends its battery life.

Key Features

Anti-bacterial

BACTERIA PREVENTION

Integrated with antimicrobial properties to reduce the build-up of bacteria and germs on the mouse surface.

CLICK, WITHOUT ANY DISTURBANCE

90% reduction in clicking sounds as compared to regular mouse, you can now work in quiet working environments or co-working spaces without causing disturbance to others.

LIFT, SWAP, SNAP

Replace battery effortlessly with one hand by simply lifting the magnetic cover from the back arch. The cover automatically snaps back into place once near its original position.

WIRELESS FREEDOM

Reliable and responsive connectivity allows you to use the mouse freely from a distance, up to 10 meters.

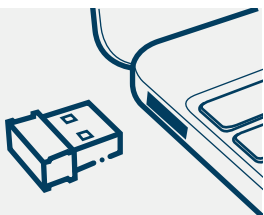

PORTABLE AND LIGHT

Navigate your screen and day without unwanted weight or bulk. Easy to keep and carry wherever you go.

LONG RUNNING BATTERY LIFE

Automatically goes into sleep mode to help conserve battery life when the mouse is left idle for more than 15 minutes.

HANDY AND ALWAYS READY

Just leave it plugged in and enjoy the ease of mind with the Nano receiver that stays securely in the USB port.

VERSATILE COLOURS, TIMELESS DESIGN

Available in a new selection of delectable colours; Sage Green, Puff Pink, Baby Blue, Simply White or Ebony Black.
