

## A step-by-step guide to link mEzee app with Amazon Alexa app

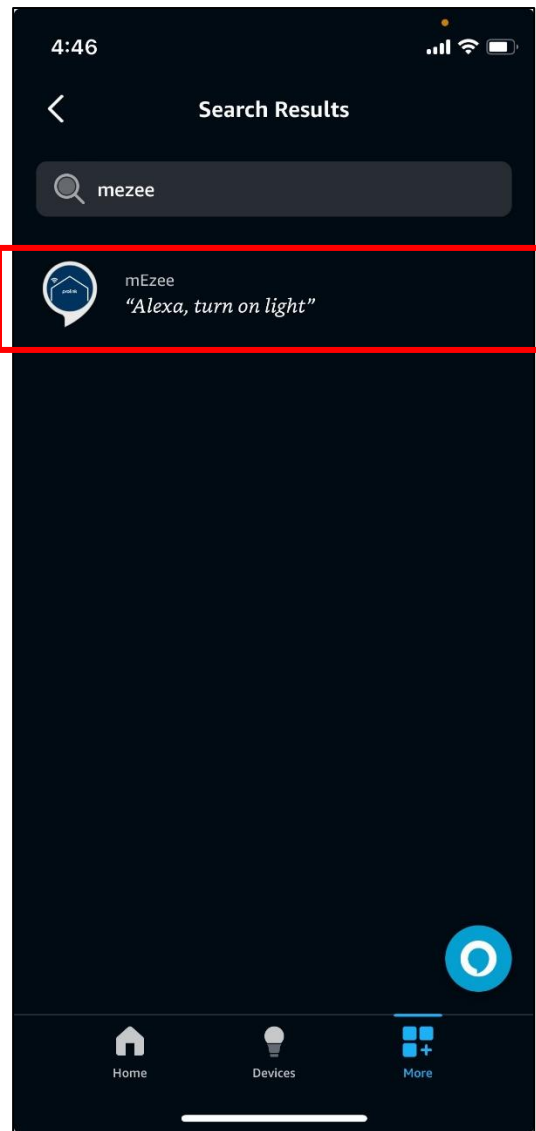

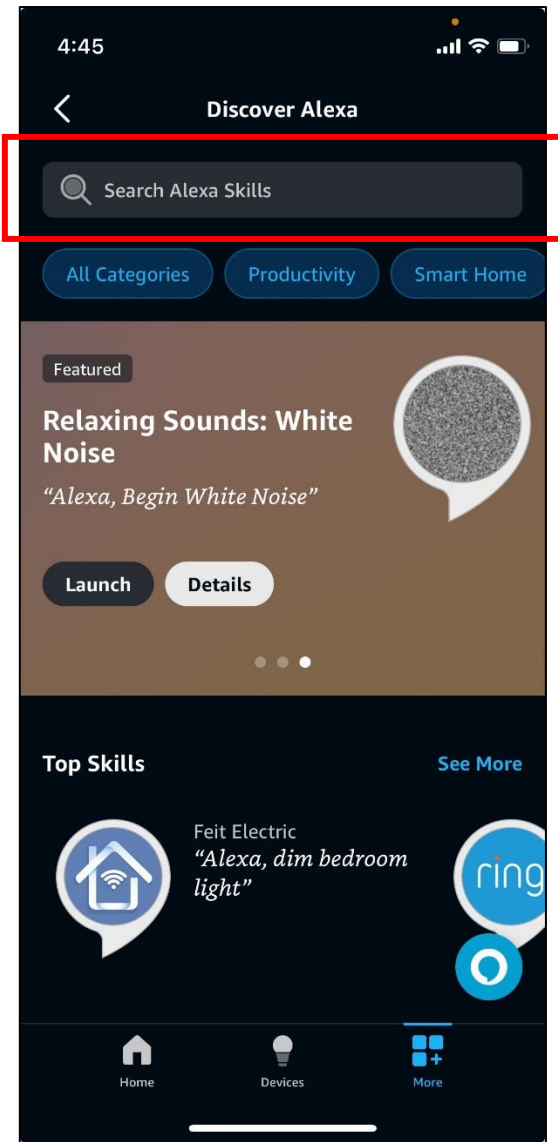

### Before You Start:

The Prolink Smart Home Devices must first be set up through mEzee app.

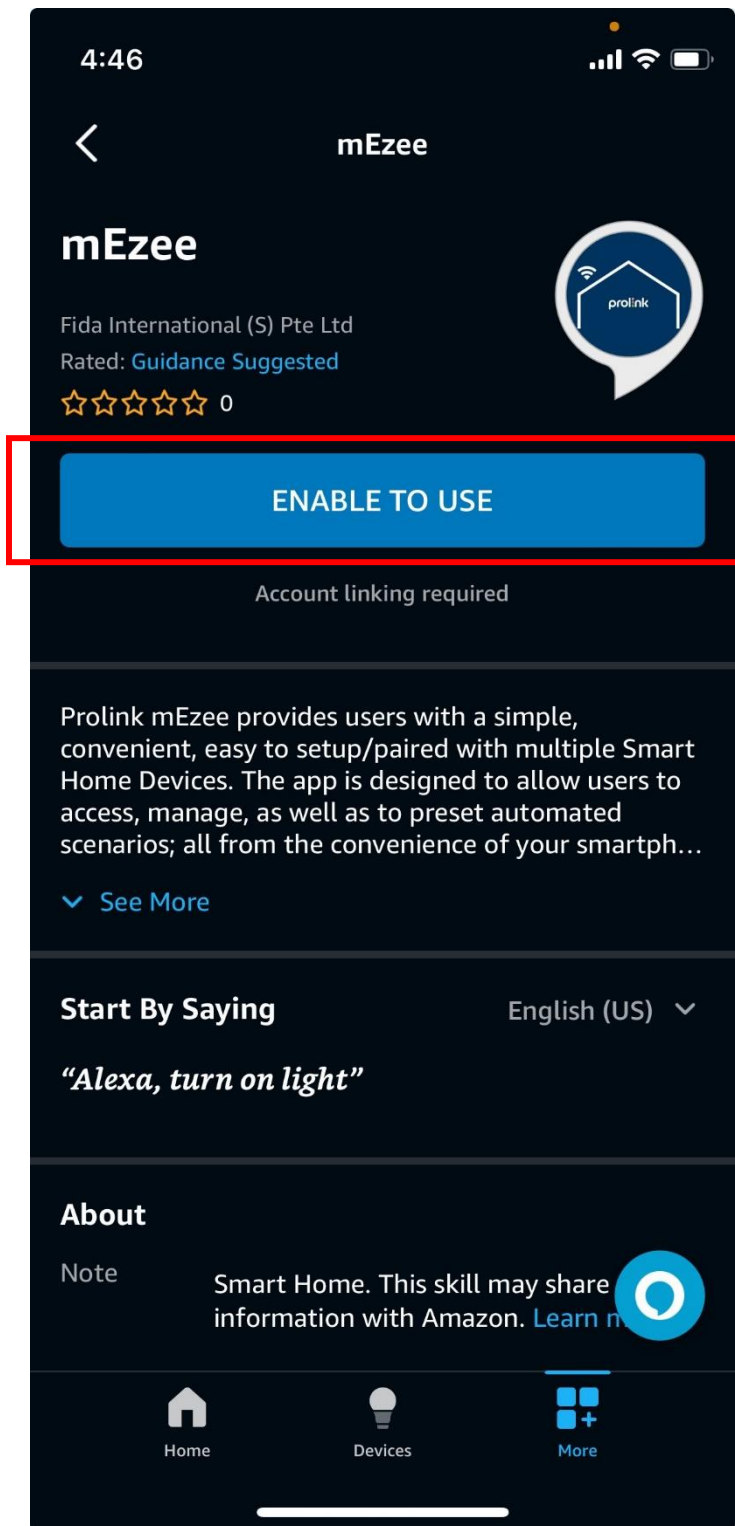

**Step 1.** Launch and log-in to Amazon Alexa app, tap “More” located at the bottom right of the screen and tap “Skills & Games”.

Step 2. Search and select "mezee".

Step 3. Tap "Enable to use".

**Step 4.** Enter your mEzee account's email and tap "next step".

*Note: You must select the same country which you have used while creating your mEzee account.*

Next Step

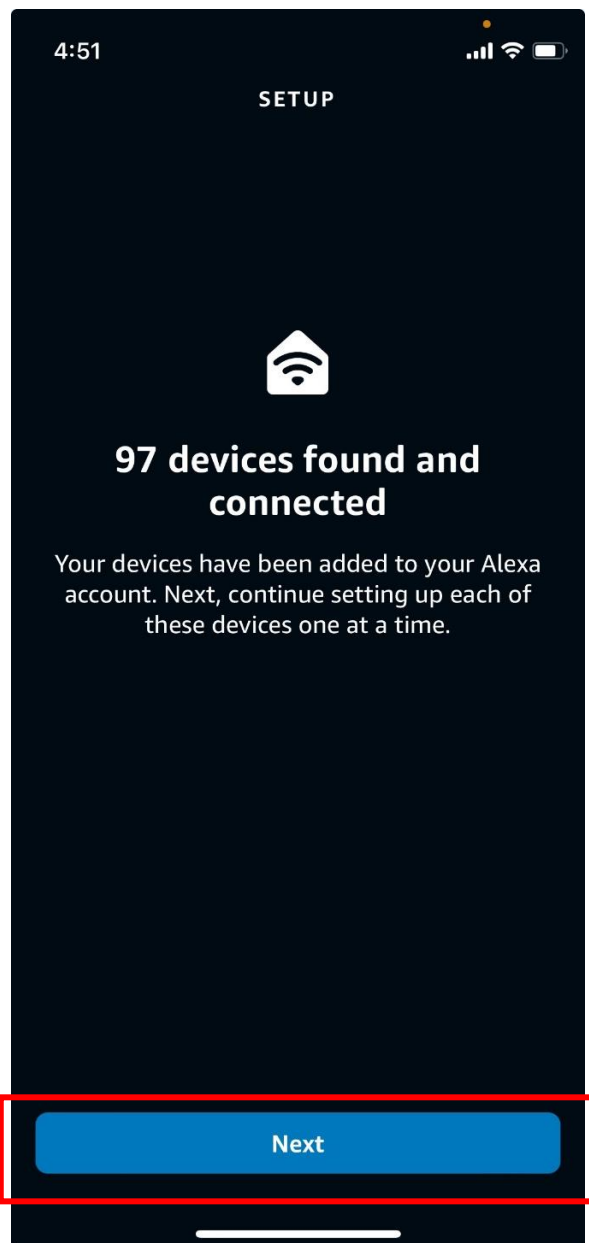

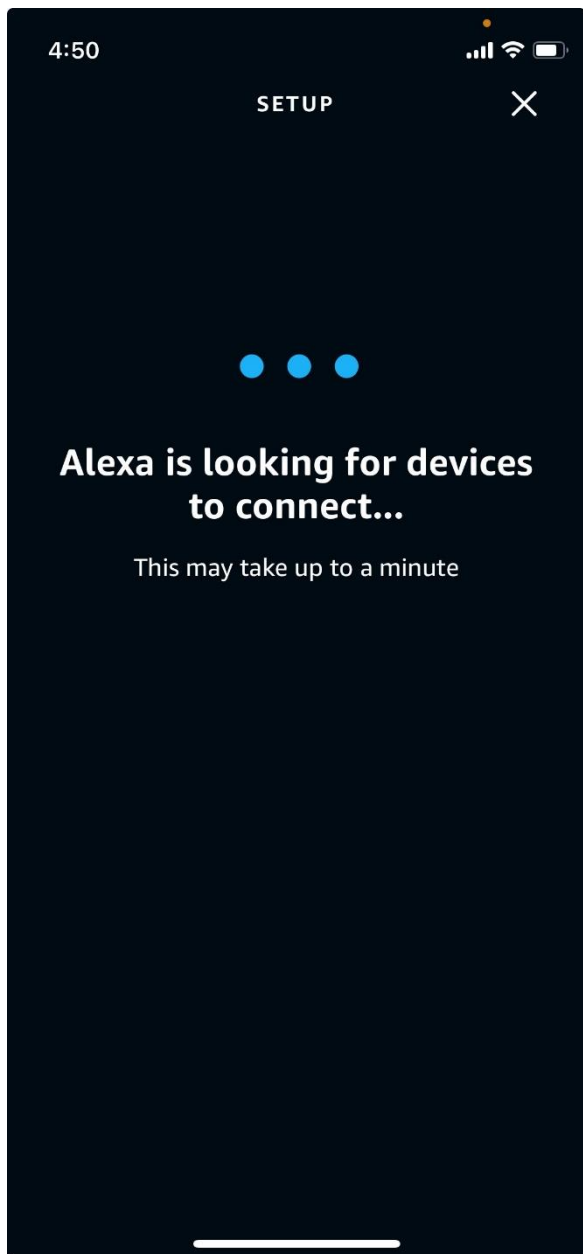

**Step 5.** Select “mEzee” and tap on “Link devices for this App account”. Enter your mEzee password followed by tapping “Next Step” to proceed.

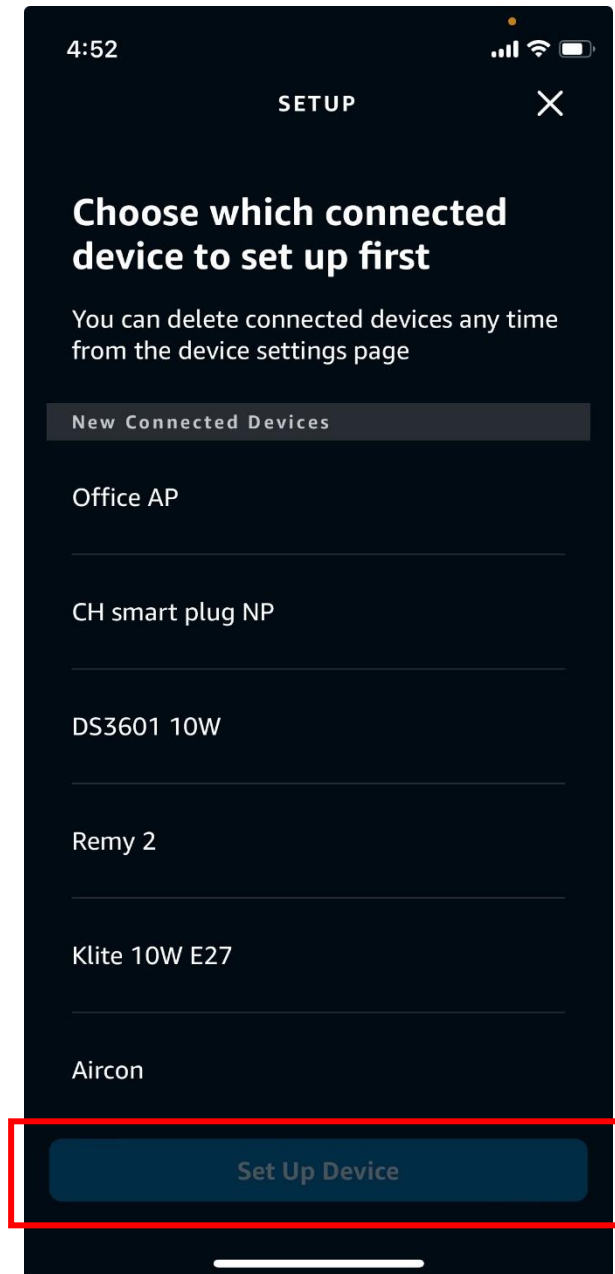

**Step 6.** Tap on “Authorize” and you should see that mEzee app has been successfully linked. Tap “Next” to process.

**Step 7.** Amazon Alexa will start searching for devices to connect. When the search is completed, tap "Next" to proceed.

**Step 8.** Select the device you wish to configure and tap “Set Up Device” to proceed.

**Step 9.** Repeat step 8 to configure for other home appliances.
