

# 51W 2-Port PD USB Car Charger

PCC24501

Advanced Protection

Luminous Design

PD PPS Fast Charging

Qualcomm Quick Charge 3.0

With **Prolink PCC24501**, you can charge mobile devices from smartphones to tablets quickly and efficiently with a total output of 51W Type-C PD 3.0 PPS port and Quick Charge Type-A port.

Equipped with unique all-rounded safety features and designed with a luminous LED ring light that makes it easy for drivers to access the charging ports without ever taking eyes off the road, this car charger is the perfect companion on your next road trip ensuring maximum ease of mind during use.

## Key Features

### Dual-Port Fast Charging\*

Get up to 50% battery in only 30 minutes via the USB Type-C port and 4x faster charging speed boost via the Quick Charge Type-A port.

\*Only for compatible devices only

### Safe & Fast Speed Charging

Engineered with Prolink's IntelliSense savvy charging system that automatically detects and distributes the right amount of charging current for every device, so you never need to worry about overcharging or damaging your devices.

### Modern & Compact Design with LED Light

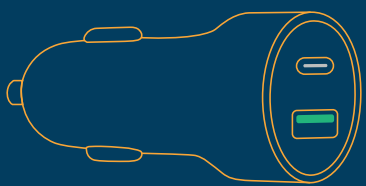

Drive with style and feel safe at night with the LED ring light, which provides a relaxing white glow in the dark making it easy for you to access the charging port.

### Advanced Protection

With unique, all-rounded safety features capable of protecting devices against over-voltage, over-temperature, over-current, overload and short circuit.
