

Wireless Multimedia Desktop Combo

PCWM-7005

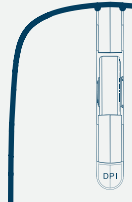

The **Prolink PCWM-7005** is a Wireless Multimedia Desktop Combo featuring a new membrane keyboard and a high performance optical mouse - a great must-have addition for your minimalist style work desk setup for your everyday use. What's good from its predecessor stays. The iconic plug & play lifestyle experience, full size keyboard, and the switchable DPI button. What's new? The dedicated 14 multimedia hotkeys are now within reach without the trouble of pressing an additional FN key. And with the newly added Power Key, you can now do a full shut down instantly.

Key Features

PLUG & PLAY

One Nano USB, two devices. Connect straight out from the box!

SWITCHABLE DPI BUTTON

Switch between 800, 1200, or 1600dpi anytime for a precise and accurate tracking that best fits your needs.

AT YOUR FINGERTIPS

Speed up the workflow with the dedicated 14 multimedia hotkeys at your fingertips. Yes, without the FN key.

IN THE PALM OF YOUR HANDS

Be it for work or other usages, the higher arc gives your palm a greater support and the larger scroll wheel provides a precise scrolling experience.
