

Wireless Presenter with Air Mouse

PWP102G

The **Prolink PWP102G Wireless Presenter** with Air Mouse is the essential presentation companion with all the basic functions you will ever need to conduct a successful presentation. It fits nicely in your hand and comes with a simple to navigate OFN (Optical Finger Navigation) track pad for easy on screen mouse manoeuvres. Besides the OFN, the PWP102G also has additional buttons to allow you to Start and End presentations easily, move Forward/Backward, hide the slide (black screen) and even control the volume during presentations.

With a good transmission range of up to up to 20m, 360 degrees and a battery life of up to 6 months, you can always rely on the PWP102G for all your presentation needs.

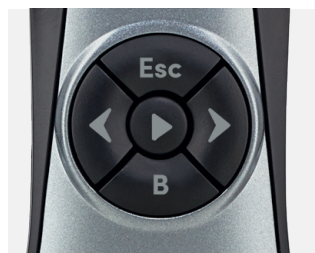

Key Features

OFN (Optical Finger Navigation)

Control cursor's movement by moving your thumb over it

Advanced Functions

Start and End presentations, Forward/Backward, or hide the slide (black screen) with a push of a button. Compatible with Powerpoint and Keynote with no drivers needed

Laser Pointer

Highlight details of your presentation with ease

Audio Controls

Adjust system volum during presentation with Volume buttons located at right hand side of presenter

On/Off Switch

Prevent accidental usage of device and drainage of battery consumption

Wireless USB Receiver

No more hassle for software installation. Simply plug the receiver into a USB port or store it in the storage compartment when not in use
