

Smart Home

Designed to make your life simpler

Smart Security Camera

You are always in control to see what exactly happens in your home, no matter where you are, right from your smartphone.

Home Security Camera

DS-3101

Keep your home or loved ones safe and secure with this smart home monitoring device.

The Full-HD Home Security Camera records great angles, motion detects, and even allows you to connect to your loved ones with the built-in microphone – all controlled via the app.

Dual Band 3MP Home Security Camera DS-3105 (coming soon)

The Prolink Dual Band Home Security Camera (DS-3105) is a 3MP 2K Smart Wi-Fi Pan/Tilt/Zoom IP Camera. With its 120-degree wide-angle lens and the additional night vision feature (clear visibility of up to 10 meters), the device enables users to capture sharp and clear moving objects both day and night – the perfect indoor monitoring device.

Dual Band 3MP Outdoor Security Camera

DS-3103 (coming soon)

The Prolink 2.4/5GHz Smart Outdoor Full-HD Wireless Wi-Fi IP Camera (DS-3103) is a Full HD Smart Wi-Fi Pan-Tilt-Zoom IP Camera. With its colour night vision feature (clear visibility of up to 20 meters), the device enables users to capture sharp and clear moving objects both day and night – the perfect indoor monitoring device.

Smart Lighting

Switching on the lights, dimming or brightening and customising the lighting colours for ambience – the functions of smart lighting improves your home's style and make everyday life easier and more convenient.
