Attach the plastic hooks of the 5 point harness to the metal rings on the bottom of the back part of the seat. Loop the single short crotch strap through the harness buckle and also through the slot at the front of the chair seat. Then buckle the crotch strap tightly to its own buckle to complete the 5 point harness.

Please note that the 5 point harness should only be used when the Deluxe Poppy Plus is being used as a high chair. Remove the harness when using as a toddler table and chair combination.

TRAY ASSEMBLY INSTRUCTIONS:

The foot rest bar will have a small dowel inserted into the table side and will have a larger dowel pointing to the underneath side of the table to help position the chair in place when using as a high chair. Insert the opposite second frame side into the grooved table edges, foot rest and round bar and screw in place with the Allen wrench provided.
