**USER'S GUIDE**

# IMPORTANT SAFEGUARDS

When using electric appliances, basic safety precautions should always be followed, including the following:

1. Read all instructions.
2. Do not touch hot surfaces. Use handle or knobs.
3. Close supervision is necessary when any appliance is used by or near children.
4. To protect against electric shock, do not immerse cord, plug, or any parts of the oven in water or other liquids.
5. Do not let cord hang over edge of table or counter, or touch hot surfaces.
6. Do not operate appliance with damaged cord or plug or after the appliance malfunctions, or has been damaged in any manner, return appliance to the nearest Authorized Service Center for examination, repair, or adjustment.
7. The use of accessory attachments not recommended by the appliance manufacturer may cause hazard or injury.
8. Do not place on or near a hot gas or electric burner, or in a heated oven, or in a microwave oven.
9. When operating the oven, keep at least 12 cm of space on all sides of the oven to allow for adequate air circulation.
10. Unplug from outlet when not in use, or before cleaning. Let it to cool before putting on or taking off parts, or before cleaning.
11. Extreme caution must be used when moving an appliance containing hot oil or other hot liquids.
12. Do not cover CRUMB TRAY or any part of the oven with metal foil. This may cause overheating of the oven.
13. Use extreme caution when removing tray or disposing of hot grease or other hot liquids.
14. Do not clean with metal scouring pads. Pieces can break off the pad and touch electrical parts, creating a risk of electric shock.
15. A fire may occur if the oven is covered or touching flammable material, including curtains, draperies, walls, and the like, when in operation. Do not store any item on the oven during operation.
16. Extreme caution should be exercised when using containers constructed if anything other than metal or glass.
17. Do not place any of the following materials in the oven: cardboard, plastic, paper, or anything similar.
18. Do not store any materials, other than manufacturer's recommended accessories, in this oven when not in use.
19. Always attach plug to appliance first, then plug cord into the wall outlet. To disconnect, turn any control to "off", then remove plug from wall outlet. Always hold the plug, but never pull the cord.
20. Always wear protective, insulated oven mitts when inserting or removing items from the hot oven.
21. This appliance has a tempered, safety glass door. The glass is stronger than ordinary glass and more resistant to breakage. Avoid scratching door surface or nicking edges. If the door has a scratch or nick, contact our consumer relations line before using the oven.
22. Do not use outdoors.
23. Do not use appliance for other than intended use.
24. This appliance is for HOUSEHOLD USE ONLY.
25. The accessible surfaces are liable to get hot when the appliance is operating.
26. Glass Door cannot support goods in the fully open position.
27. The appliance is not intended to be controlled by an external timer or separate remote-control system.
28. This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.
29. Children should be supervised to ensure that they do not play with the appliance.
30. For appliance with type Y attachment, if the supply cord is damaged, it must be replaced by the manufacturer, its services agent or similarly qualified persons in order to avoid a hazard.
31. Rear surface of appliances should be placed against a wall.
32. **WARNING:** This appliance includes a heating function. Surfaces, other than the functional surfaces may develop high temperatures. Since temperatures are perceived differently by different people, this device should be used with **CAUTION**. Hold the appliance exclusively to grip surfaces intended to hold and use such heat protection measures as heat protection Gloves or pot holders. Areas which are not intended to grips must be given

sufficient time to cool.

## SAVE THESE INSTRUCTIONS

### Before Using Your Electric Oven

Before using your electric oven for the first time, be sure to:

1. Read all instructions included in this manual.
2. Make sure oven is unplugged and Timer Knob is in the Off position.
3. Remove all racks and pans. Wash the racks and pans in hot sudsy water or in dishwasher.
4. Thoroughly dry all accessories and re-assemble in oven. Plug oven into outlet and you are ready to use your new Electric Oven.
5. After re-assembling your oven, we recommend that you run it at MAX temperature on  for approximately 15 minutes to eliminate any packing oil that may remain after shipping.

### Component
