CARE INSTRUCTIONS

Taking a little extra care can significantly extend the lifespan of your furniture. The information below serves as a general guideline, and is to be used for optimal durability of your Rachel Donath furniture.

1. Placement Considerations: Be mindful of where you position your furniture. Extreme conditions, such as prolonged exposure to harsh sunlight, can alter the finish's colour.

2. Timber Care: Timber is responsive to its surroundings. Heat and moisture can cause movement, joint cracks, and lacquer damage. Maintain a stable environment for your timber furniture. We recommend using placemats and trivets to avoid spills soaking into the timber, and to also protect against heat transfer. The general rule is if something is too hot to hold, it is too hot to place on timber.

3. Rush Care: Rush is crafted from woven plant fibres and requires gentle care. Vacuum with a brush attachment to remove debris from crevices, and use a damp cloth to clean surfaces.

By following these instructions, you can ensure the longevity and beauty of your Rachel Donath furniture.
