# Tambourines

Educational products and accessories are our passion at A-Star Music. With our huge range of handheld percussion and early years products, our mission is to bring affordable entertainment to classrooms, workshops and households.

A-STAR MUSIC

## How to Play

- 1 Hold the tambourine in your non-dominant hand and wrap your fingers around the frame.

- 2 Strike the tambourine with your dominant hand or use a beater as quickly or slowly as you want.

- 3 Play around with different techniques - twist your wrist from left to right to make a sustained jingling sound.

## Did you Know?

Tambourines in many cultures are used by dancers in religious ceremonies or in entertainment.

Traditionally made of a wooden hoop with jingles attached, often with a head or soft shell. The jingles are referred to as 'zils'.

Mozart was among the earliest western composers to include the tambourine in his compositions.
